TEN CENTS A WEEK

BATTLE

Of Verdun Seems to Be Slackening in Its Intensity

INFANTRY CONTINUES INACTIVE

And Even Intense Artillery Fire is Lessening

FRENCH SURPRISE ATTACK

In Forest Resulting In Blowing Up a German Trench and Capture of Some Prisoners After Which Attacking Column Withdrew—British Airmen Attack Turkish Base.

The infantry continues inactive before Verdun and even the notable artillery fire reached for some days in the Vaux-Doumont region east of the Meuse has slackened.

The German guns have resumed a heavy fire to the west of the river, however, shelling the French lines south of Malancourt in the sector where the recent German drive took the Crown Prince's troops south to the edge of the Avocourt woods, from which a new attempt to debouch may now be preparing.

A surprise attack by the French in the forest of Parroyin Lorraine is reported by Paris, a German trench being blown up, after which the attacking force withdrew with some prisoners.

Bitter fighting is again taking place along the Austrian-Italian front.

Vienna declares that Russian activity in Galicia has slackened, the Russians having attempted to attack against the main army of General Pfanner during the past week.

British airmen have made a successful raid on the Turkish advanced base at Beir-el-Hassanah, 100 miles east of the Suez canal, according to reports from Suez, the aviators dropping fiery bombs and doing extensive damage.

YOUTH MURDERS RIVAL; WOMAN WAS A WITNESS

Scottsburg, Ind., March 28.—When in the presence of Miss Grace Huffman, a high school student, Hardy Robinson, 24 years old, shot and killed Ancil Phillips, 17 years old, a rival, at Miss Huffman's home in Lexington, a village eight miles from here, it was alleged. Robinson was arrested and, police charge, says he acted hastily.

According to information received here, Robinson had been paying attention to Miss Huffman for two years, but recently she had permitted Phillips, who was a classmate in the Lexington high school, to call upon her.

Last night Robinson arrived first at the Huffman home, and when Phillips entered the door, it is alleged, Robinson began shooting.

The families of the three are among the most prominent in the county.

FIRST OFFENSE OF BOOTLEGGING NEEDS NO JURY

Toledo, March 28.—A jury is not required in trying a first offense "bootlegging" case, according to a ruling by common pleas Judge John Manton this morning. Counsel for several defendants charged with the sale of liquor without licenses raised the point that juries were required, it being contended that the word "court" meant judge and jury. Were a jury necessary to try each bootlegging case, it was said, such prosecutions would be extremely costly.

NEW BATTLE DEVELOPS.

Berlin, March 28, via London, 3:44 P. M.—The development of lively fighting on the Franco-Belgian front south of St. Eloi and along German lines is reported by German army headquarters in today's official statement.

Problem of Sending Supplies Still Is Uppermost; Funston Asks for More Motor Trucks

San Antonio, March 28.—Prevented from using Mexican railways over which to send supplies to the American troops, Major-General Funston today decided to ask for two additional motor truck companies of 54 powerful trucks to meet the situation. The new companies will be placed in service as quickly as the cars can be purchased.

Four companies—a total of 107 trucks are now operating from the army base at Columbus to General Pershing's headquarters, some 250 miles below the border. The problem of sending supplies to the American forces continued today to overshadow all other questions hav-

3 Killed in Mine Explosion; Heroic Volunteers Hurried From Other Mines to Rescue

(ASSOCIATED PRESS TELEGRAM)

Bluefield, W. Va., March 28.—Three men were killed and twenty or more seriously injured by an explosion in the mine of the King Coal & Coke company at Kimball, W. Va., at 9 o'clock today. It was stated that a number of injured could not recover.

The explosion, which shattered a section in the eastern part of the mine, blew down masses of coal and slate and cut off from escape a large number of men. Rescue crews worked throughout the morning to reach them and shortly after noon they were released.

The explosion occurred in the eastern section of the workings some distance from the spot where the imprisoned miners are believed to be, but their escape was cut off by masses of coal and slate blown down by the blast.

Soon after the dead had been located, rescuers found four men, all badly burned, who were brought to

the surface. Other rescue parties were quickly organized, and entered the mine.

The explosion occurred in the ninth east entry, and early reports said it was violent. It was not known just how many men were in the zone affected by the blast.

The mine has been operated for about ten years, and the workings extend fully two miles from the opening. Ordinarily some four hundred miners are employed, the vein of coal being known as Pocahontas No. 3. No explosion ever occurred there before, and open lights generally were used by the men.

C. H. Bardman, general manager, took charge of the rescue work and volunteers hurried from other mines in the neighborhoods.

A hurried canvass of the town showed that about 100 miners were missing, and at the mine it was said they were probably trapped behind masses of coal and slate blown down by the explosion.

TAGGART

SWORN IN AS SENATOR FROM INDIANA WITH IMPRESSIVE CEREMONY.

Takes B. F. Shively's Place—New Senator Recipient of Many Felicitations From Colleagues.

Washington, March 28.—Thomas Taggart yesterday became a full-fledged senator from the state of Indiana.

Senator Kern and he sat side by side, and it was Senator Kern who announced to the senate the presence of his new colleague. Vice President Marshall invited him to come forward and he was sworn in.

Leaning on the arm of Senator Kern he went to the platform, where the oath was administered with unusual impressiveness by Vice President Marshall. Senator Taggart responded, "I do," in a clear voice. Then he signed his name in the book kept for that purpose.

The Vice President was the first to grasp his hand and congratulate him. Various Senators shook hands with him and when he resumed his seat seven of the Indiana Democratic members of the House, who had come over to witness the ceremony, extended their felicitations one by one. They were representatives Adair, Cox, Lieb, Dixon, Barnhart, Cline and Moss.

It has been a long time since a new senator received so cordial a greeting at the national capital. When the Senator attended the Democratic caucus before the Senate he received an ovation, and from that time to this it was a day of busy handshaking for him.

In the gallery reserved for guests of the Vice President were seated Mrs. Marshall and Mrs. Taggart, Miss Lucy Taggart, and Miss Helen Rockwood of Indianapolis. Mr. and Mrs. Taggart and daughter spent last evening with the Marshalls, and after the ceremony in the senate, Mr. and Mrs. Marshall entertained at luncheon at the Capitol, when their guests were Senator and Mrs. Taggart, Miss Taggart, Miss Rockwood and Senator Kern.

Fifteen tributes were delivered at the room of the committee on pensions, where Senator Taggart received visitors during the afternoon. A large basket of American beauty roses was the gift of Mayor Joseph E. Bell, Indianapolis. Other floral offerings were from William F. Moore, Willis Thompson and A. C. Sallee, of Indianapolis.

Message boys chased Senator Taggart hot-foot all afternoon, bringing telegrams of congratulations. He announced the appointment of Byford E. Long, former secretary to Senator Shively, as his secretary and committee clerk. He also stated that Aaron Shively, of South Bend, a brother of the late senator, will be a member of his force, at least until the expiration of the present school year, when Mrs. Shively and children will return to South Bend.

Senator Taggart can have his choice of two chairmanships—the committee on Woman Suffrage or the committee on forest reservations and the protection of game. He will probably take the latter. The steering

committee wishes to leave the decision to Taggart himself.

The committee on Woman Suffrage was organized a year or two ago to handle bills relating to equal suffrage. Senator Thomas, of Colorado, its chairman, informed the steering committee yesterday that he would be glad to turn it over to Senator Taggart.

He also was appointed to the committee on pensions to succeed Senator Shively; census, corporations organized in the District of Columbia; Pacific railroads, patents, territories and interoceanic canals.

ARMS CRUSHED OFF IN ACCIDENT IN RUBBER MILL

Youngstown, March 28.—James Wilson, aged 20, an employee of the Republic Rubber Company, caught his hands in a roll at the shops yesterday. One hand was crushed off; the other will be removed and Wilson may lose his life.

TOLEDO PROFESSOR ACCEPTS POSITION.

Toledo, March 28.—Dean A. R. Cullimore, of the engineering college of the Toledo University today announced that he would hand his resignation to the University board on Thursday. He will accept the position of dean of engineering in the State college of Delaware, at a salary of \$3,000 a year. Dean Cullimore received \$1,900 a year here.

UNDERTAKING FIRM WANTS VILLA'S BODY OFFERING GOOD PRICE.

(Associated Press Telegram)

Field Headquarters, American Expeditionary Force, Colonia, Mexico, March 28.—(By Aeroplane to Columbus; N. M., March 28.)—A letter, requesting Villa's body has been received by Brigadier General J. J. Pershing from a Dyersburg, Tenn., firm. The letter reads:

"General Pershing: "Dear Sir:—Is it possible for us to get the body of Villa, if he is killed? We want to hold it by embalming and keeping it in our undertaking department. We will pay a good price for his body. Please let us hear from you in regard to same." *****

NECESSITY

Of Using Mexican Railroads Becomes More and More Important

Southward Meeting With Little Or No Opposition

PURSUIT MAY BE HALTED

Unless Line of Rapid Communication Are Established Soon, and the Mexican Railroads Should Be Made Available for This Purpose, Military Men Are of Opinion.

(ASSOCIATED PRESS TELEGRAM)

Field Headquarters, American Expeditionary Force, Colonia, Mexico, March 28.—By wireless to Columbus, N. M.—Preparations for closing in on Francisco Villa in a quick cavalry drive were being pushed forward rapidly today at the Field Headquarters of Brigadier-General Pershing, expedition commander.

CARRANZA ASKED TO GRANT USE OF MEXICAN RAILROADS.

(ASSOCIATED PRESS TELEGRAM)

Washington, March 28.—A memorandum to General Carranza pressing for an immediate reply to the request for permission to use Mexican railroads in supplying American troops in pursuit of Villa was prepared today at the state department. It will be forwarded to Queretaro probably late today and there delivered by special representative Rogers to General Carranza and General Obregon.

State department advices from all parts of Mexico today gave renewed evidence of quiet acquiescence in the pursuit of Villa by American troops. The governor of Chihuahua has issued a proclamation setting forth the good relations with the United States and explaining the American expedition after the bandits.

Neither the state nor war department received any messages regarding the use of Mexican railways.

(ASSOCIATED PRESS TELEGRAM)

El Paso, March 28.—The pursuit of Francisco Villa may be hampered if not actually halted, unless Mexican railroads are made available as the main line of communication for the American army in Mexico. Military men expressed that view today after studying dispatches from the front that Villa was still in full flight southward and meeting little, if any, opposition.

There was a very noticeable increase in the tension along the border today following the reported raid last night on the ranch of C. E. Kelly, former mayor of El Paso, by Mexican bandits. The ranch is thirty-two miles east of here and a mile and a half from the border.

The alarm was given first by E. N. Barker, foreman of the Kelly ranch. Barker said he saw a number of mounted Mexicans across the river, and an attempt to drive off one hundred head of cattle, belong-

"Other Woman" in Murder Case Says Relations With Waite Were Innocent

Mrs. Harry Horton.

Mrs. Harry Horton, pretty young contralto singer, is the woman who occupied the "studio" in a New York hotel with Dr. Arthur Warren Waite, dentist, held by the police on a charge of having murdered his father-in-law, John E. Peck, of Grand Rapids, Mich. She says her relations with Waite were entirely innocent. The pair were registered at the hotel as "Mr. and Mrs. A. W. Walters, New Rochelle."

ing to Kelly. He ran to a neighboring ranch house and called his employer on the long distance telephone. In the meantime three of the raiders went to the Kelly ranch house and threatened the Mexican assistant foreman with death if he interfered with them.

Ward was immediately sent to two troops on patrol duty at Sabana, two miles east of the ranch and to Ysleta, eight miles in the other direction. Two detachments of the eighth cavalry accompanied by four Texas rangers were sent in pursuit of the raiders. After three hours search they returned to camp and Captain G. W. Moses, reported to General Bell that nothing had been seen of the Mexicans and that he believed the whole affair to be a false alarm. Barker, however, insisted on the truth of his story.

The reported raid served to give a fresh start to the alarming reports about the attitude of the Mexicans and conditions of the interior, which have kept residents here in a state bordering on hysteria ever since the American troops crossed the border. This feeling had seemed to be dying away for the last couple days.

Matters were not improved by the news from Washington that General Carranza had again deferred a decision on the question of permitting

(Continued on Page 2, Col. 3.)

Manning Street Bridge Washed Out; East Abutment Had Been Undermined; Newark Streams Are Not Dangerous

The present rains which we have been experiencing the past few days undermined the east abutment of the Manning street bridge and it dropped into the North Fork of the Licking river about 9 o'clock last evening.

Patrolman James Richter was assigned to the west approach of the wrecked structure during the night and shortly after 10 o'clock reported that he had a woman's scream on the opposite bank. There is a sheer drop of about fifteen feet to the water and it would have been very easy for some one to have plunged into the stream owing to the inky darkness and the east approach not having been blocked at that hour.

Ex-Safety Director Carl Dayton and Jess A. Warthen, superintendent and assistant superintendent of the American Bottle company were on the west bank of the stream when the bridge went down and both gentlemen thought they heard a woman scream. No one was reported missing but a careful inquiry is being made through the Everett flats and houses in the immediate vicinity.

Irving Porter, a clerk in Schimpf's grocery in Hudson avenue, was also on the scene when the bridge went down and states that he heard a woman's cry.

Chief of Police James Sheridan was on the ground early this morning and made careful inquiry over the neighborhood but no one was reported missing to him. The chief thinks some woman came to the

east approach not knowing that the bridge had gone down, and stopped just in time to keep from falling into the raging water below and in her fright gave vent to a piercing scream. She probably then retraced her steps leaving those on the opposite shore to believe that some woman had fallen into the river.

A report was current also that Levi Stapleton of the Manning street hill had been on the bridge and gone down with it. Mr. Stapleton is an employee of the American Bottle company and left to go to work on the night shift. He was found at his task at the plant when friends began a search for him after rumors started that he had been drowned.

The Manning street bridge spanned the Licking just a short distance east of where Chestnut avenue ends. It was built a number of years ago and rested on two stone abutments. It was built a number of years ago and only lately the county commissioners had new iron guard rails built for it. The North Fork of the Licking makes a sharp turn where Case avenue ends and goes almost east until it turns again almost at the bridge, the current striking the east abutment with full force. It has been known that the abutment was menaced by the high waters for some time, and the commissioners were only waiting until the weather was propitious until it could be repaired.

Great rafts of drift anchored above the bridge and when it let go and started down stream it would usually

anchor again right at the bridge and cause small whirlpools to form which swept the waters up against the east abutment with terrific force. As a consequence the undermining has been in process for some time.

When the bridge dropped there were a number of people on the west bank of the river. It went down with a crash and broke a large tree off at the trunk. The iron supports and girders twisted with ease and the long iron beams and cross pieces snapped in several places. The bridge toppled over on its side and is now lying in the bottom of the Licking river.

County Commissioner Frank R. Dumm and clerk of the board Ron B. Jones were on the ground shortly after it went down and gave instructions to block the approaches and place a guard on duty. Early this morning President Jos. H. Orr of the board and Commissioner Dumm were on the scene with contractors getting an estimate of the cost of raising the structure and rebuilding or erecting a new east abutment. The commissioners estimate that the damage is about \$2500.

Work on rebuilding the damaged structure will be started at once, or just as soon as the weather permits. When the bridge went down it carried with it a portion of the six-inch service main used by the Everett Co. to supply the residents with natural gas. The main snapped at both ends of the bridge and the gas coming

(Continued on Page 12, Col. 3.)

DANGER

From Disastrous Floods in Columbus Now Considered Past

BUT NOT SO IN MUSKINGUM VALLEY

River Expected to Pass the Danger Mark Tonight

PREPARING FOR DANGER

Over Entire State—Thousands of Citizens Returning to Their Homes in West Side of Columbus—Manager of Buckeye Lake Offers Governor Willis 200 Boats, 25 Trained Men

(ASSOCIATED PRESS TELEGRAM)

Columbus, March 28.—Flood danger fled from Columbus today but hovered over the entire Muskingum valley, particularly at Zanesville and the Scioto valley at Circleville, according to reports received by the United States weather bureau here.

Many rivers and creeks overflowed their banks yesterday and last night, inundating thousands of acres of lowlands and driving hundreds of families from their homes. Property damage, however, was not high and so far as known, no lives were lost. Continued light rains made high water a general but critical condition. Waters had passed along the Sandusky river at Upper Sandusky, Tiffin and Fremont, the Upper Scioto at Kenton and the Olentangy at Marion and Delaware, the weather bureau declared.

Warnings that the Muskingum river was within less than a foot of the flood stage at Zanesville and possibly would pass the danger mark this afternoon or tonight, went forth to all communities along that valley and caused many families to flee from their homes in lowlands.

"The situation there is critical," said W. H. Alexander, chief of the weather bureau here. He urged alertness for Canal Dover, New Philadelphia, Uhrichsville, Coshocton, Zanesville, McConneville, Mahto and Marietta.

The Scioto river flood crest and was expected late today at Circleville and Chillicothe, where caution was recommended. The Hocking river at Athens was reported rising but probably not to a dangerous height.

All over the state there was evident a continuance of yesterday's preparations for possible danger, although no loss of life or serious property loss had been reported. State officials kept in touch with local authorities by long distance telephone continuously. Two hundred boats and 25 trained flood fighters were held in readiness at Buckeye Lake, having been offered to Governor Willis by E. R. Deffenbaugh, proprietor of Buckeye Lake Park.

With the Scioto river flood waters gradually receding and with the levees still holding, all danger of a flood at Columbus was considered past today.

Thousands of citizens from the West Side of Columbus, who fled from their homes to higher sections of the city when a flood warning was issued yesterday, began to return today, having been assured by flood officials that the rest of the flood had passed. A possible break in the levees was the source of apprehension and a large squad of police and hundreds of workmen were on hand to prevent this.

After an alarming jump, the Scioto river became stationary shortly after midnight at the 20-foot stage (Continued on Page 2, Col. 4.)

"ALL CROOKS"

THIS EXPRESSION IN WILL OF CLEVELAND LAWYER REGARDING PROFESSION.

Testator Came From a Family of Lawyers But Some Years Ago Quit Practice.

(ASSOCIATED PRESS TELEGRAM)

Cleveland, March 28.—"I particularly warn against attorney at law, and sincerely trust it may not be necessary to employ them in the adjustment of my estate. My experience has taught me that they are all dangerous crooks, expressly educated to obtain one's confidence in order that they may defraud and rob with impunity." This remarkable declaration is contained in one clause of the will of Lewis D. Boynton, wealthy lawyer, who died last week and whose will was offered for probate today at Elyria.

Boynton came of a family of lawyers. Some years ago he quit the practice. Former Congressman A. R. Webber of Elyria, who was an intimate friend of the late attorney, said today he was astounded at the discovery of the provision in the will and could give no explanation of it. A member of Boynton's family said that years ago he was defrauded by an attorney and that he formed a prejudice against the profession.

EMPEROR'S SON IS IN BELGIUM

(ASSOCIATED PRESS TELEGRAM)

London, March 28.—Prince August William, fourth son of Emperor William will arrive in Brussels shortly, says a dispatch to the Exchange Telegraph from Amsterdam. He has received instructions to assist General Von Bissing, the governor-general of Belgium and it is believed he will ultimately succeed Von Bissing.

Inquiry Made of Germany If Any of Her Submarines Torpedoed Steamer Sussex

(ASSOCIATED PRESS TELEGRAM)

Washington, March 28.—The United States has inquired of Germany, through Ambassador Gerard whether any of its submarines torpedoed the British channel steamer Sussex.

Secretary Lansing announced after the cabinet meeting today that it had been decided to make such an inquiry, and later it was learned that the inquiry had been made, and in fact probably is already in Berlin. The present status of the communication is that of an inquiry; it has not advanced to the stage of a protest or a demand.

The decision to make the inquiry was reported by the President and his advisers at today's meeting of the cabinet. The President and cabinet members were furnished with all reports concerning the disaster which had reached the state department from diplomatic and consular representatives in France and in England.

As President Wilson and his cabinet met today, members reflected the view that the submarine situation was grave but insisted that no decision on the American government until it was shown conclusively that it

(Continued on Page 2, Col. 2.)

Kidney Medicine Dissolves Gravel Stones

Dr. Kilmer's Swamp-Root sells well with us because it invariably produces good results in Kidney, Liver and Bladder troubles. We sold a dollar bottle to one of the inmates of our Soldiers' Home near here, and after using it he brought in about one dozen gravel stones some as large as a pea, which he had passed. He states that he obtained wonderful relief from the use of Swamp-Root.

ERNEST A. BROWN.
Lafayette, Ind.
Personally appeared before me this 28th of July, 1909, Ernest A. Brown, of the Brown Drug Co., who subscribed the above statement and made oath that the same is true in substance and in fact.

David Bryan, Notary Public.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do For You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Newark Advertiser. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

Makes Your Stuffed, Germ-laden, Catarrhal Head Clear as a Bell

When you wake in the morning plagued with the tortures of head colds and catarrh, head, nose and throat stopped up, air passages clogged with obnoxious catarrhal discharges that have collected during the night, and you can hardly breathe—just put a little Hyomei Pocket Inhaler charged with the pleasant healing oil of Hyomei between your lips. Hold it there while dressing and breathe the medicated, antiseptic germ killing air deep into your nose, throat and lungs with every breath you draw.

By the time you are dressed your head will be clear as a bell, you will breathe with ease and comfort, eat your breakfast with a relish and go about your day's work with a clear brain and steady eye.

This clean smelling, germ destroying air of Hyomei penetrates deep down into every fold and crevice of the membranous linings of your nose, throat and lungs where no liquid spray could possibly get and absolutely kills and drives out of your system every germ it finds there, heals the inflamed swollen tissues and after the first trial you notice a wonderful improvement. A few weeks' use and every catarrhal germ is killed and driven out of your system.

Druggists everywhere think so well of Hyomei that they agree to give you a guarantee with every complete inhaler set you purchase that if it does not satisfy them they will gladly return every cent you paid for it, but if using for the first time be sure to ask for the complete Hyomei Pocket Inhaler outfit as the smaller package does not contain the inhaler.

T. J. Evans or most any other reliable druggist will gladly supply you on request.

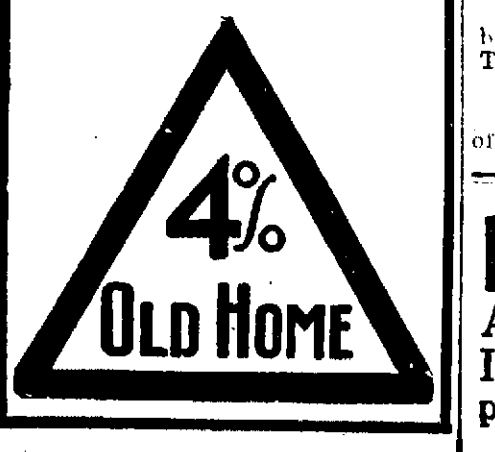

A Grouchy Chap.
"Do you think any of the girls will really propose this year?"
"I don't know. But if they do I hope the men won't sigh and whisper it around, as some of the girls do."—Courier-Journal.

YOUR OWN DRUGGIST WILL TELL YOU

It pays to investigate thoroughly before you borrow.

FIGHT IN HOUSE OVER FREE SUGAR AGAIN IS OPENED

ASSOCIATED PRESS TELEGRAM
Washington, March 28.—Re-opening of the fight in the house over the repeal of the free sugar clause of the tariff was forecast today as a result of the action of the senate Democratic caucus last night in voting 23 to 7 to substitute for the house repeal resolution, a resolution extending the present duty of one cent a pound until 1920.

The struggle is expected to come when the senate proposal, which was recommended by Democrats of the senate finance committee, is returned to the house for concurrence. The house today continued work on the immigration bill with indications that the measure, together with the literacy provision intact would be passed by an overwhelming vote during the day.

The literacy test provision would bar except in a few instances all aliens over 16 years of age, physically capable of reading who cannot read English or some other language or dialect. Similar bills were voted by Presidents Taft and Wilson, because of the literacy test.

INQUIRY

(Continued from Page 1.)
steamers Sussex and Englishman were sunk by submarines.

Members of the cabinet said that evidence in possession of the United States was not conclusive enough to warrant decisive action at this time. For this reason it was decided to make inquiry of Germany. A majority of the cabinet members, however, believed preliminary reports clearly indicated the Sussex was torpedoed.

NEUTRAL TRADE BADLY DAMAGED BY SUBMARINES.

ASSOCIATED PRESS TELEGRAM
London, March 28, 4 A. M.—Summarizing the work of the Germans since March 15, when their new program of submarine warfare against the entire allied trade began, the Daily Telegraph says they have in less than a fortnight sunk 70,000 tons of shipping, of which one-third belonged to neutrals.

The Daily Telegraph covers the period since the resignation of Admiral von Tirpitz, the German minister of the navy March 15. Germany's new submarine campaign went into effect March 1.

PRESIDENT MAY LAID WHOLE SITUATION BEFORE CONGRESS.

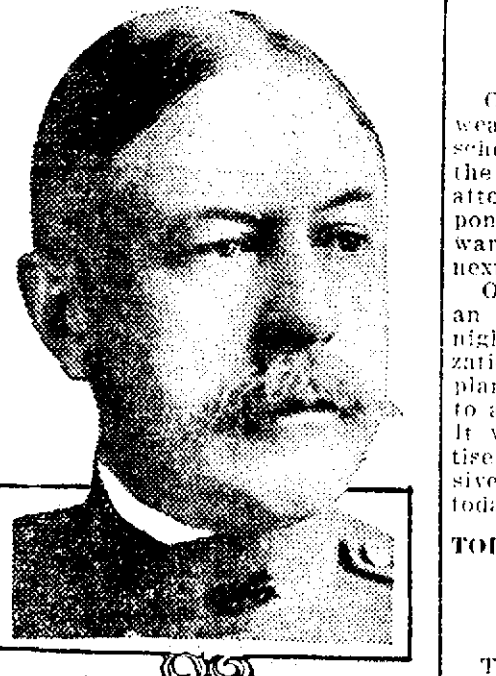

ASSOCIATED PRESS TELEGRAM
Washington, March 28.—All evidence thus far relating to the sinking of the steamship Englishman and the damaging of the Sussex by explosion with American citizens aboard was assembled at the state department today ready for submission to the cabinet. President Wilson and his advisers were to go over all phases of the situation which is described as grave.

While all the evidence at hand indicates that the steamers were torpedoed without warning with the probable losses of one American life on the Englishman and inquiries to several Americans on the Sussex, President Wilson is awaiting with deep concern receipt of positive proof before taking definite action. It is said that he is seriously considering laying the whole submarine situation before congress personally. He certainly would take that step, it is said, before making any move that might lead to the breaking off of diplomatic relations with Germany.

BRITISH STEAMER SUNK, BUT ALL CREW ARE SAVED.

ASSOCIATED PRESS TELEGRAM
London, March 28, 11:17 a. m.—Sinking of the British steamship Empress of Midland, is reported in a Reuters dispatch from Amsterdam. The steamship Cromer, from London, arrived last night at Maasbuis, Holland, with all the crew of the Empress of Midland.
The Empress of Midland, 2,223 tons gross, sailed from New York, January 5, for Cardiff, Wales.

AMERICAN OFFICER ON MEXICAN BORDER

Brig-Gen. Robert K. Evans.

He is in command of the second brigade with headquarters at Laredo, Texas.

Damascus, in Syria, is the oldest of all cities now existing.

Young Aid-De-Camp On Mexican Border

Henry C. Pratt.

Not all the officers on the Mexican border are grizzled veterans. This is First Lieutenant Henry C. Pratt, of the First cavalry, an aid-de-camp of Brig-Gen. George Bell, Jr., commander of the Fifth brigade with headquarters at San Antonio, Texas.

NECESSITY

(Continued from Page 1.)
the use of the Mexican railroads for the transportation of supplies to the American troops in the field.

Army officers here admit freely that the question of the use of the railroads is becoming increasingly serious. General Pershing's columns have already penetrated more than 250 miles into Chihuahua. As it is almost assured that Villa has an open field in his retreat to the south, it is probable the American troops may have to travel many more miles before they can have any chance of catching up with the bandit chief. Every mile that separates them from their base at Columbus enormously adds to the difficulty in providing them with adequate supplies, a difficulty which is already steadily growing.

While General Bell refuses to discuss the problem, officials of staff admit privately that the use of the Mexican railroads will be necessary for the successful prosecuting of the chase.

The uneasiness over the situation is far from lessened, by persistent reports that portions of the Carranza force are becoming disaffected and that some of the soldiers of the defective government already have thrown their lot with Villa. The fact that the censor at Columbus passed a story that stated that members of the Nacimiento garrison were suspected of having joined the bandits, is regarded here as of grave significance.

Not all of the wild rumors as on the American side of the border, according to a Mexican merchant in El Paso, who said he was told by a peon just out of Casas Grandes, that Villa had stolen all the horses and mules belonging to the American punitive force. The peon insisted that he learned from authoritative sources that the American army was so badly handicapped by its loss, that it had, in fact, given up all hope of overtaking the bandits.

Colds Quickly Relieved.

Many people cough and cough— from the beginning of Fall right through to Spring. Others get cold after cold. Take Dr. King's New Discovery and you will get almost immediate relief. It checks your cold, stops the sneezing, rasping, tissue-tearing cough, breaks the inflammation, soothes the raw tubes. Easy to take, Antiseptic and Healing. Get a 50c bottle of Dr. King's New Discovery today. "It is certainly a great medicine and I keep a bottle of it continually on hand" writes W. C. Jessemann, Fracononia, N. H. Money back if not satisfied.

FEW ATTENDED THE MEETING FOR PREPAREDNESS

Owing to the inclemency of the weather, the preparedness meeting scheduled to be held last night in the G. A. R. Hall, was very poorly attended and it was decided to postpone taking any definite action toward organizing company G until next Monday night.

Only a few men interested put in an appearance at the hall Monday night to form plans for the organization of company G and another plan to get the young men of the city to attend, will be inaugurated today. It was decided last night to advertise the next meeting more extensively and cards were being printed today for this purpose.

TOLEDO COMPANY OFFERS SERVICES; NEW ORGANIZATION.

ASSOCIATED PRESS TELEGRAM
Toledo, March 28.—One hundred men, the majority of whom have been active service, have enrolled in the Toledo volunteer military company, Capt. S. E. Irlam, Jr., its organizer said today. Drill work starts this week. The services of the company will be offered direct to the Federal government, Captain Irlam announced.

INCORPORATION.

Columbus, March 28.—The Cleveland Automatic Machine Co. today was authorized by the secretary of state to increase its capital stock to \$4,000,000. It was incorporated recently at \$500,000. M. C. Byrnes is president and David L. Johnson secretary.

Lord Newton will serve in the British cabinet without pay.

YEGGS WRECK POSTOFFICE AND GET ABOUT \$200

ASSOCIATED PRESS TELEGRAM
Genoa, O., March 28.—Safe blowers wrecked the Genoa postoffice sometime last night and according to city officials secured about \$200 in currency. The robbery is believed to have been committed by two men who drove to Genoa after stealing a horse and buggy from P. Widner, of Clay Center yesterday. The horse and buggy were found abandoned on the outskirts of East Toledo early this morning.

DANGER

(Continued from Page 1.)
and reports from points in the Scioto valley north of Columbus showed only a light precipitation during the night.

Conditions in the northern part of the state were still threatening, according to reports from Findlay, Tiffin, Fremont and smaller towns in flood districts. Many streams had reached the danger mark and it was believed that further rainfall would result in a recurrence of the disastrous floods of 1913. The damage in this section consisted chiefly of destroyed bridges and washouts in highways but factory and shop owners suffered considerable loss.

In Columbus, churches, schools, the city hall and charitable institutions were thrown open to residents of the West Side. Several hundred persons who would not risk remaining in their homes, passed the night in these places while many others were the guests of friends outside of the threatened district.

NO ALARM FELT AT BUCKEYE LAKE; WATER IS NORMAL.

(Special to The Advocate)
Buckeye Lake, March 28.—Conditions here as a result of the continued rain, are causing no alarm, though the water in the lake has been rising for the past day or two, until it has reached a normal stage, which is about a foot higher than when the storms began. There is no indication of any danger to the banks of the lake.

Residents here had no information regarding the offer of E. R. Dettbach to furnish boats and boatmen to the state if they were needed for relief work. A hundred new row boats have just been completed in readiness for the opening of the summer season. These boats would be available should they be needed, and Mr. Dettbach probably made the offer in Columbus.

AT ZANESVILLE RESIDENTS OF THE LOWLANDS MOVE

ASSOCIATED PRESS TELEGRAM
Zanesville, March 28.—Residents of the lowlands here are moving out today. The Muskingum river is rising two inches an hour and has crossed Linden avenue, cutting off street car traffic. A disastrous flood is not feared here as yet, although the Muskingum is expected to pass the danger line tomorrow. The Licking river, an erratic stream, is rising rapidly.

Advices from Coshocton and Cambridge have tended to lessen the flood alarms here except in the very lowlands. The rivers are rising slowly.

RISING SLOWLY AT CINCINNATI

ASSOCIATED PRESS TELEGRAM
Cincinnati, March 28.—The Ohio river at this point registered 43.8 at 7:00 o'clock today and was rising slowly. According to the weather bureau the flood stage of 50 feet is not expected to be reached.

HEAVY DOWN POUR AT PORTSMOUTH; OHIO IS RISING

ASSOCIATED PRESS TELEGRAM
Portsmouth, March 28.—News of a check in the Scioto river rise was the only encouraging aspect of a possible high water here. A steady downpour starting at 10:00 o'clock, continued all night. It is still raining. The Ohio river registers 41 feet and rising.
Lowlands are flooded but no homes have been abandoned.

FLOOD MARK AT PITTSBURGH NEARED BY THE OHIO RIVER.

ASSOCIATED PRESS TELEGRAM
Pittsburgh, March 28.—Melting snows and heavy rains over the head waters of the Allegheny river today brought predictions that the Ohio river here would pass the flood mark of 22 feet by midnight and within twenty-four hours would likely reach 24 feet, the biggest flood this vicinity has experienced in a number of years.

TAKING PART IN HUNT FOR VILLA

Col. Herbert J. Slocum.

Col. Herbert J. Slocum, commander of the Thirtieth U. S. cavalry, is joining in the hunt for Villa.

G. O. P. CHAIRMAN EITHER KNOX OR HARDING, BELIEF

Philander C. Knox (top) and Warren G. Harding.

Although the G. O. P. convention subcommittee adjourned at Chicago a few days ago without making announcement of the composer of the keynote for the 1916 campaign, a persistent rumor is in circulation that the temporary chairman is to be either Senator Warren G. Harding, of Ohio, or Philander C. Knox, of Pennsylvania.

AUTO DEALERS HOLD BANQUET; AUTO PARADE

The annual meeting and banquet of the Licking County Auto Dealers Association was held last night at the Kuster Servell restaurant and the Arcade hotel. Little business was transacted.

The dealers voted to give Newark people an opportunity to look over the new models in automobiles by parading around the square Wednesday afternoon if the weather is favorable. It is expected that more than 50 machines will be represented in the parade. No automobile show will be held this year.

The Cossack population of Russia amounts to roughly 2,500,000 men and women, and they collectively own some 146,500,000 acres of Russian territory.

HEREDITARY LUNG WEAKNESS

Serious and Fatal Results Can Often Be Avoided by using Simple Precautions.

Men and women who by inheritance of nature have a tendency to weak lungs and the easy acquirement of coughs and colds and who note with alarm the same symptoms developing in their growing children will be interested in the following letter from the wife of a prominent Methodist Minister, reported here in substance:

Wesleyan Methodist Parsonage
V. H. Sibley, Pastor.
Both my parents died of Tuberculosis and it has been of constant alarm to Mr. Sibley and myself, lest in our boy the traces of this dread disease should develop. A double attack of pneumonia left his lungs weak, and he contracted a severe cold. All through the winter he coughed incessantly. Our doctor said we must take our boy from school and give him absolute rest and the best of treatment, if we save him. Then we began to give him OXIDAZE and he soon began to eat and sleep naturally. His night sweats stopped entirely. In three weeks his cough was gone and his flesh and old time vigor returned. He kept on with school and completed his school year with his class in good shape. One mother, to whom I have since recommended Oxidaze, says she is sure it saved the life of her little girl.

Mrs. Grace V. Sibley.
Oxidaze, as used by Mrs. Sibley, is a New England physician's prescription, a pleasant, powerful combination of antiseptic healing agents that contain no alcohol or habit forming drugs. Mingling with the saliva it's juices, heal the inflamed membranes gently but promptly, not only stopping a dry, hoarse or tight cough but checking the formation of phlegm in the throat and bronchial tubes thus ending the persistent loose cough. Its success has been so really remarkable even in cases of long standing that W. A. Brown, Evans drug Co., and other leading local druggists say they have been authorized to return the purchase price if in any case Oxidaze fails to stop the cough. With a guarantee like this it is well to insist on Oxidaze; take nothing in its place, as a single bottle, taken now, may save many dollars in doctors bills in the future.

"TIZ" FOR ACHING, SORE, TIRED FEET

Use "Tiz" for tender, puffed-up, burning, calloused feet and corns.

"Pull, Johnny, Pull!"

People who are forced to stand on their feet all day know what sore, tender, sweaty, burning, feet mean. They use "Tiz" and "Tiz" cures their feet right up. It keeps feet in perfect condition. "Tiz" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "Tiz." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet.

Get a 25-cent box of "Tiz" now from any druggist. Just think! A whole year's foot comfort for only 25 cents.

An Ideal Spring Laxative.

A good and time tried remedy is Dr. King's New Life Pills. The first dose will move the sluggish bowels, stimulate the liver and clear the system of waste and blood impurities. You owe it to yourself to clear the system of body poisons, accumulated during the winter. Dr. King's New Life Pills will do it. 25c at your druggist.

Malaria is spread by a special mosquito.

Friday's Match With Kilonis Promises Lots of Excitement; Greek Training for the Test

Newark wrestling fans who think that Kilonis, Bowser's Friday night opponent, is too big for the doughty Newark middle-weight champion, and as a consequence the match will be uninteresting from a spectator's standpoint, should guess again. Bowser believes he has a chance with the big man and as not the least bit terrified by the Greek's superior weight nor by his reputation as a bruiser.

"I believe Friday night's match will be the best of the season," was Bowser's comment today and he gave his reasons. The wrestling style of the two men are similar. Kilonis has a reputation of using the "rushing" tactics on all his opponents, much in the same manner that Paul rushes his men, and as he did Burns Friday night after the first fall.

Bowser will train lightly for the Friday match. His workout last night at Coshocton was just heavy enough for the proper training. He did not have to extend himself at any time and left the mat in good condition. Gymnasium work will finish up the week's preparation for the Kilonis battle Friday night.

Heckelberry and Wallace will meet the Greek before Bowser tackles him. Bowser's chances will improve with each minute the Newark amateurs stay on the mat with the Westerner.

Kilonis is training at the East Newark athletic club. He has invited any Newark fans interested in his training to visit the club rooms. He also invites any one who desires to train with him to apply at the ringside and they will be accommodated.

Kilonis has the distinction of having stayed on the mat with the great Stecher longer than anyone else. Kilonis wrestled with Stecher for seven minutes before the Nebraskan sensation could score a fall. Stecher has a standing offer of \$500 for any wrestler in the world of any weight who will stay with him 175 minutes. He made this offer at a New York tournament a few weeks ago and although some of the most famous wrestlers in the world were present, no one accepted the offer.

The wrestling season is rapidly drawing to a close and Bowser's friends are not taking any chance on missing any of the good entertainments offered here. As a consequence, there are already indications that Friday night's attendance will be large.

CHICAGO GETS \$3200 FOR A. B. C. SCORES

RICHES OF COLUMBUS DRAW \$200 FOR SECOND PLACE IN FIVE-MEN EVENTS.

Prizes of \$12,000 are to be divided at Close of Events in Bowling Congress.

(Associated Press Telegram)

Toledo, March 28.—Chicago cleaned up a quarter of the prize money offered for the five-man prize winners of the American Bowling Congress tournament, according to a resume of the prize list this morning, handing nearly \$3200 out of the \$12,000 offered.

Several cities will pour the pick of their men on the alleys today. Madison, Wis., Cleveland and Toledo having men on the drives.

Chicago has three bids left in the events that will be decided today. Sykes, Green Seal, Harris, Marino and the doubles with 1279. Thoma being high in the all-events with 1919 and Frank Shaw having the tall mark in the singles of 683 but having two men tied with him in Ben Huesman of Cincinnati and Sam Schliman, of Toronto.

Final Standing.

Five Man Teams.

The Fushun coal fields of Manchuria, operated by Japanese, are believed to be the richest in the world, containing more than 300,000,000 tons of bituminous fuel.

HIS TEAM READY TO PUT UP HARD FIGHT

Bill Donovan.

According to baseball statisticians the outlook for the Yankees in the coming season is the most encouraging since the American league team was established in New York. If the talent which has been added to the club comes up to expectations, Bill Donovan's team should figure in the pennant race.

CONDITIONS ARE UNREASONABLE, BUT BOWSER ACCEPTS 'EM

Despite the fact that the promoter of the handicap match at Lancaster have imposed unreasonable conditions upon the Newark man, Paul Bowser has accepted and signed the contract making but one addition to the contract drawn up at Lancaster without consulting Bowser's wishes or his opinion.

The conditions aside from the firm city arrangement to fight at Lancaster are as follows: Bowser is to be secured under each Lancaster man does.

The two victims selected for the slaughter are Harry Heckelberry and Ollie Smith. Bowser asked that Lancaster men agree to lose should either of them refuse to go on with the match.

COMMISSION IS SATISFIED WITH THE BIG MATCH

New York, March 28.—The official receipts of the Willard-Moran bout here last Saturday night were \$112,285 of which the state will receive \$10,000.

Chairman Fred A. Wenck of the state athletic commission said last night Wenck expressed complete satisfaction with the manner in which the match was conducted.

IS LIKELY TO GET SHORT FIELD JOB

Johnny Lavan.

Johnny Lavan, who played short for the Browns for several years, is apt to beat out Emie Johnson, who went to the Browns from the Feds and for a time was Fielder Jones' choice for the short field. Lavan, however, seems to have convinced Jones that he is not an ordinary player, and as he has greatly improved in his hitting he is now leading Johnson for the position.

REVEE WINS ON POINTS; BOUT GOES 20 ROUNDS

London, March 28.—Wyck Smith, the English light-weight champion, was defeated on points by Harry Reeve in a 20-round bout held here last night.

BOWSER WINS QUICKLY FROM COSHOCTON MAN

Jim White of Coshocton, who did much talking about Bowser's claims to the championship, lasted fifteen minutes in his bout last night at Coshocton before a small house. At the conclusion of the match, he offered his wrestling rights to Bowser with the remark "I don't think you can do some one who knows how to wrestle."

Bowser secured the first fall in 9 1/2 minutes and the second in 3 1/2 minutes. The champion was not in distress at any stage of the game.

As preliminaries to the wrestling match, two boxing bouts were staged which furnished much amusement to the fans. All the pugilistic talent was native to Coshocton county.

WRESTLING IN CINCINNATI HAS CHURCH SANCTION

Cincinnati churches sanction wrestling matches and the sport has already been established on a firm foundation by Cincinnati University. Sunday's English announced a wrestling match in Cincinnati between a team representing the University of Cincinnati and one representing Christ Church.

All over the country the popularity of this sport is growing. Although boxing has been scorned by the colleges, wrestling is fast gaining in popularity in both the middle west and the east. In the east there are two associations, the old intercollegiate association and the newly organized New England Association, the latter embracing Harvard and Yale, together with several small colleges. Yale, whose tea master voted out of the intercollegiate Association several years ago because of a difference over eligibility rules has been most active in forming the New England Association.

Practically all of the colleges of the middle west foster wrestling, and in several the sport is so popular that only football is voted more attractive. In both the east and the west wrestling squads of from fifty to one hundred men are in vogue.

In the east a relentless search is being made to find some heavy-weight wrestler capable of throwing Mike Donovans of the University of Pennsylvania's Greek strong man. Since he has been wrestling for the red and blue no man has been found able to throw the wonderful Greek. Not only does he win all his bouts in consecutive fashion, but he wins them with ridiculous ease and with the least effort, minute being devoted to each opponent.

Denison students have taken kindly to the game and it is not impossible that the sport will find a place on the athletic program of the Granville school.

No exercise is more healthful or of greater benefit to the body and like football, the wrestler must be trained to splendid condition both as to muscle and wind, to make a good showing on the mat.

It is also probable that Newark's younger business men may organize an athletic club for next winter in which wrestling will find an important place.

WANTER NEWARK TEAMS

The M. V. V. has been organized for the season and the first game will be played April 20. There are a number of open dates on the schedule and Manager R. H. Atkin is anxious to book any fast team in Licking county. Until the opening of the season he can be reached by addressing him at 955 E. Cherry street, Columbus. His telephone number is R. 5206.

A Florida woman recently offered the editor of the local paper \$1 for a poem about the town, but he declined to put his autobiography into verse.

No. 3 The Broker says:

HELMAR

TURKISH CIGARETTES

10 Cents

I am a busy stock-broker. I must think quickly, clearly. My nerves must be quiet, my head clear.

I smoke "Helmar" Turkish cigarettes.

Because no matter how many "Helmar" I smoke they never ruffle my nerves or affect my throat.

And as for enjoyment—"Helmar" beats any cigarette I ever used.

The mildest tobacco for cigarettes is Turkish.

The best tobacco for cigarettes is Turkish.

Don't pay ten cents for anybody's cigarette until you have tried "Helmar," a fascinating, elevating, gentleman's smoke.

Quality Superb

GYM MEMBERS AT Y. M. C. A. WILL ENJOY BANQUET

The annual gym supper at the Y. M. C. A. will be held Friday night of this week when members for work in the gymnasium classes will be presented to members by Charles Allen. A program of talks has been arranged to follow the supper. Dr. E. W. Prior will preside as toastmaster. K. L. Dickerson, Charles Allen and Walter J. Livingston, Denison coach, are on the program for addresses. An orchestra of Y. M. C. A. boys will render music.

ESTABLISHED IN 1820

Entered as Second Class Matter March 10, 1882, at the postoffice at Newark, Ohio, under Act of March 4, 1879.

The salmon season now opens, and fish fresh from the tins is now being served in the restaurants.

The enthusiastic seed catalogue gardener of March is the owner of the luxuriant weed plot of August.

Society note from the mountain resorts: Among the recent arrivals for rest and recreation is Francisco Villa.

An appropriate present to a friend in the Mississippi valley is a pair of rubber boots with legs reaching to the head.

The young lady across the way respectfully wishes to inquire whether Izonzo is the name of some battle in the war or the latest tooth paste.

The stock brokers are putting the market high so that they can sell out and then proceed to put the market down, so as to buy in low again.

It means a riot among the boarders to work off prunes on them now. They will take them all right when strawberries get down to the low point.

The bald headed politicians who are throwing their hats in the ring so boldly, should look out lest they catch cold some of these chilly spring evenings.

A few women still persist in wearing winter coats on a cool spring day, though their pride in new thin garments ought to keep them warm.

Those farms that you buy for \$500 and a mortgage, and which develop into a \$10,000 property in a few years, are always located over in some other state.

The success of revolutionary movements in Mexico does not seem to depend so much on the patriotic principles involved, as whether it is a pleasant season to sleep out of doors.

After a girl has had some success in amateur dramatics in her home town, it is pretty hard for her to settle down as a stenographer at \$10.00 per, when she might go into the movies and become another Mary Pickford.

After deploring the lack of patriotic feeling in this country, our statesmen proceed to encourage that feeling by voting the private soldier the munificent salary of \$15.00 a month.

Daily History Class—March 23.
1520—Raphael, the painter, died; born 1483.

1846—United States forces in observation on the Mexican border attacked by Mexicans; beginning of the Mexican war.

1915—Russian warships in the Black sea bombarded Turkish forts at the entrance to the Bosphorus. Austrians from Bukovina invaded southwestern Russia.

ASTRONOMICAL EVENTS.

Evening stars: Mars, Jupiter, Saturn. Morning stars: Venus, Mercury. Sun on the meridian of Washington 5 minutes 8 seconds after 12.

Attacks on Submarines.

(Springfield Republican.)

Analysis of the charges that British merchant ships have been conducting an offensive war upon submarines shows a remarkable lack of evidence. By putting together the German and the Austrian complaints it has been possible to enumerate 19 cases in which submarines have been fired upon, but in the great majority of them quite obviously the merchantman was defending itself.

It is a serious weakness in the indictment that in 13 of the 19 cases the name and status of the accused ship are unknown. This is a matter of the utmost importance, not so much because no proof is offered as to the nationality of the ship, as because in default of details it cannot be known whether it was a merchant man or a commercial ship converted to naval uses. In the latter case the submarine would be justified in attack without warning, but also the ship would be justified in taking the offensive. Yet in the great majority of cases the unknown vessels, like the others, ran away, returning the fire of the submarine with guns mounted on the poop.

Of the six ships accused by name, the Admiral Hamelin was French, and since French merchant ships are not armed this was probably in the naval service. The Woodfield, from which was taken a copy of the British Admiralty instructions cited in the German memorandum, was a transport, and, therefore, liable to attack without warning, but also privileged to take the offensive, which it did not do. This leaves four specified ships which, in default of evidence to the contrary, may be taken for armed British merchantmen. Of these the Demerara "turned off and returned the fire." The tank ship Lumina "ran away and returned the fire with a poop gun." The City of Marseilles "turned away and returned the fire with two guns of about 10 centimeters (4 inches)." The Melania stopped after summons, but when the submarine dived and approached under water the ship opened fire when the periscope came to the surface 1000 meters away. In this last case the ship did not want to be attacked, but probably the captain suspected the motive of the submarine in approaching to torpedo range.

Putting the evidence together, it does not afford much support for the charge that armed merchantmen have been conducting an offensive warfare upon submarines. Even according to the details given in the German appendix their main concern has been to get away, and "turned off and returned fire" is the typical offense. The submarine has little to complain of in comparison with the indictment which unarmed ships, of neutrals as well as belligerent nationality, have to bring against the conduct of submarine warfare.

Price of Verdun Too High.

(Pittsburgh Gazette-Times.)

Indications multiply that the Germans are finding the cost of the conquest of Verdun prohibitively high. After a solid month of such battling as the world has seldom witnessed, and in which the losses in men and the expenditure of munitions have been unprecedented, the attackers apparently are little nearer to the actual reduction of the works than they were in the first place. And French that the old stronghold is really not worth capturing even at a much smaller cost, as they have striped and denuded the fortress to such an extent that it would be but a sorry prize in return for the frightful price that has been and still must be paid. In addition to this, as stated in these columns at the outset of the great struggle at this point, the taking of the fortress of Verdun proper would mean but the beginning of still greater tasks that lay beyond, for the French no longer relied upon the buttresses of masonry constituting the ancient defensive works, but had constructed modern lines of trenches and entanglements backing it up that would be much harder to overcome than the fortress itself.

The disagreeable predicament of the Germans now is that they must either abandon the furious onslaughts of the past month and subside to the desultory level of trench fighting that has prevailed elsewhere, or forge ahead with the certain knowledge that the terrible sacrifices made are small as compared with those that must still be made. The first course must inevitably result in designating the attempt on Verdun as a German defeat and an enormously costly failure. Will German sentiment permit of the relinquishment of the enterprise at this stage after having paid such a heavy price? And if not, what will the people say to the other alternative of paying a still heavier price with the outcome so much in doubt?

However, there is another aspect of the matter that is worth noting, whether there be any significance attached thereto or not. During the time the Crown Prince has been hurling his cohorts in at least partly successful assaults upon the ancient citadel, which the German people surround with so much historic sentiment, the German ministry has been engaged in floating another vast war loan in the empire. At the time when the British in Belgium and the French in the Champagne district were delivering a similar series of furious and measurably successful attacks those nations were engaged in floating a great war loan in the United States. These incidents may be only coincidences, but they are worthy of passing notice.

Home, Sweet Home.

Husband (at the door)—Is my wife in?

Butler—No, sir.

Husband—Ah! Then she got word that I was coming.—Judge.

The Innocent Cat.

"I'm sorry to have to do this," said Johnny, as he spread the jam on the cat's face, "but I can't have suspicion pointing its finger at me."—Everybody's.

At least 100 species of oysters are known to scientists.

Spirit of the Press

Working to Live.

Speaking of us laboring men, an engineering authority writes in the New York Evening Post of a conversation he had with a very competent Belgian workman whom he had known in the old country and afterward in Pittsburgh. The immigrant had been here some two years, and made this comparison:

"In Belgium I had my little home in the country, surrounded by green fields and everything was pleasant. In Belgium my children respected their parents, kissed the hands of my wife and myself, and addressed us as 'Father' and 'Mother.' I had my friends. We had our free days, and life was pleasant. In this country I receive three times the wages. I live in a dark flat in the dirty city of Pittsburgh. My children treat me with contempt; they call my wife 'Mom' and me 'Pop.' I have my friends, but I must meet them in saloons drinking of beer and liquors; my sole amusement is limited to moving pictures; I have none of the pleasures of life; therefore I will go back to Belgium."

Is this why some Americans oppose the notion of ever fighting for their country?—Collier's for April 1.

Policewomen.

Policewomen are now employed in 26 cities. Chicago has 11; Baltimore, Los Angeles and Seattle, five each; Pittsburgh, four; San Francisco, Portland, Ore., and St. Paul, three each; and Dayton, O., Topeka, Kas., and Minneapolis, Minn., two each. Fifteen other cities have one each. Their pay ranges from \$625 per annum in Dayton to \$1200 in San Francisco.—Chicago City Club Bulletin.

Many Are Thankful.

Fortunately a man is not so old as he feels after he has been acting as substitute for the self-starter that has been thoroughly overhauled and improved and therefore won't work.—Ohio State Journal.

Lonely Enough.

Tolerably familiar with the value of Lower California as a real estate we can't think of what the government would do with it although it seems an ideal site for a powder mill.—St. Louis Globe-Democrat.

Pointed Paragraphs

By purchasing a talking machine with a wide assortment of records the Republican National committee might prepare for any kind of "key-note."—New York Evening Post.

General Felipe Angeles thinks that Villa will escape; but one might guess that it will keep him awful busy for a long time doing so.—Indianapolis News.

We do not know whether Charles Evans Hughes will be a candidate for president, but we do know that if he is there will be nothing hyphenated about his platform.—New York Evening Sun.

China has changed its form of government again. Any one who remembers what the form was yesterday is in a position to state what the form is today.—New York World.

At the latest reports Roosevelt decides that he will be a Republican candidate only on condition that the party proves that it deserves him.—Cleveland Plain Dealer.

Rippling Rhymes

Putting it Off.

Procrastination is the thief of time, remarked the ancient seer; it is the nursery of grief, the origin of sigh and tear. My impulse is wait a while, before I do the useful chore; and that is why I have no pile, when others have their stacks of ore. When comes the bitter winter dawn, with blizzards shrieking as they pass, my aunt remarks, "Go, mow the lawn, and plant all kinds of garden sass." I say, "If rather wait till spring before I do such jobs as those, I'll sit before the fire and sing, and thaw the chilblains from my toes." And when the summer breezes blow, my aunt remarks, "Go, get a spade, and from the walks remove the snow. Instead of sitting in the shade." But I reply, "When winter comes I'll shovel snow to beat the band; I'm busy eating pears and plums, and there's no shovel close at hand." Thus all my labors I postpone; I always have some thin excuse; while others chase the shining bone, I sit here saying, "What's the use?"

WALT MASON.

REAL WAR NEWS

The Advocate's Melting Pot

The shortest and surest way to live with honor in the world, is to be in reality what we would appear to be; and if we observe we shall find that all human virtues increase and strengthen themselves by the practice and experience of them.—Socrates.

Switching the Laff.

Spring makes the stouchey farmer folks forget their winter spats. And pity the steam-heated folks Who live in city flats.—Luke McLuke.

But then the city man and spouse Will laugh, when in their Ford; They jostle to the farmer's house And stifle him for some board.

Aunt Caline Says:

Izzy Close aimed to go up to Newark last Wednesday an' git married; so he made a early start 'n' drove up a mess o' hogs which he sold in the morning an' then got himself married in the afternoon. I saw him after he got back an' I says, "Well, Izzy, you sure had a busy day Wednesday." "Yes, Aunt Caline," he says, "that was a right successful day. Them hogs fetched me in a good price."

Then and Now.

The devil sends the wicked wind That blows our skirts knee high; But heaven is just and blow the dust Into the bad man's eye.—Old Quatrain.

But times have changed, Ah yes, indeed: We cut them to the knees; The bad man's eye we do not heed, We care not for the breeze.

Did You Know

That the Phoenician alphabet is the oldest alphabet of which we have any account? From it have originated, directly or indirectly, all the modes of writing now in use in the world. It is the foundation of the Greek, the Latin and the Arabic alphabets. The peculiar shape of the letters now composing the alphabet is said to have been suggested by some object whose name had as its initial sound that which was to be represented by the letter. Thus "A" was early formed by the outline of the head of an ox, which in Hebrew was "aleph," the name of the first letter; "B" was supposed to be the rude outline of a house, which was "beth," the second letter and so on.

Honest to goodness we know how to spell Pilate but to keep on pleasant terms with the linotype man we have to make concessions now and then to his prejudices and he prefers to spell it "Pilot."

The Old Remedy.

Oh, do you mind them good old days when confident M. D.s Rode all about the country battling With but two drugs they cured all ills according unto Hoyer.—And one of them was Calomel, the other Castor Oil.

Ah, what a care-free life was this, a-whittling through the woods. Sure from their trusty saddle-bags they could produce the goods; And whether you'd a broken arm, pneumonia or a boil, They'd give you first some Calomel and then some Castor Oil.

Praying to Please.

"I believe," said the brother who prayed for rain, "that some of the brotherin' has been prayin' ag'in me. I've missed it so frequent here

WHEN RUN DOWN

Hood's Sarsaparilla, the Reliable Tonic Medicine, Builds Up.

The reason why you feel so tired all the time at this season is that your blood is impure and impoverished. It lacks vitality. It is not the rich red blood that gives life to the whole body, perfects digestion and enables all the organs to perform their functions as they should. Get Hood's Sarsaparilla from any druggist. It will make you feel better, look better, eat and sleep better. It is the old reliable tried and true all-the-year-round blood purifier and enricher, tonic and appetizer. It revitalizes the blood, and is especially useful in building up the debilitated and run-down. Hood's Sarsaparilla is helping thousands at this time of year. Let it help you. Get a bottle today and begin taking it at once. Be sure to get Hood's. Nothing else acts like it.

His Recoveries.

"Did he recover from the accident?" "Yes. And \$10,000 from the railroad company besides."—Browning's Magazine.

Worth the Money.

An Ohio woman had a hat made of fifty \$1 bills, which is probably the first instance on record where a woman's hat was really worth what it cost.—Philadelphia Press.

Mars has no rain or clouds.

Daddy's Bedtime

The Tale of The Elves and The Cobbler.

(Adapted from Grimm's Fairy Tales.)

WHEN the children begged for a story daddy said: "About a hundred and thirty years ago two brothers by the name of Grimm were born in Germany. They wrote some of the nicest fairy tales ever told. Would you children like to hear one tonight?" Jack and Evelyn wriggled with joy, and so daddy began: "Once upon a time there lived an old cobbler who worked very hard mending children's shoes. But he could not earn enough money to live on, and at last all he had in the world was gone except just enough leather to make one more pair of shoes. So he cut this leather out, all ready to make up the next morning, and, without knowing where tomorrow's food was coming from, went to bed with peace in his heart and slept well. The next morning when he went down to his shop try to imagine his surprise when there on his table stood the shoes!" "Fairies, fairies, daddy!" shouted the children.

"The old cobbler could not imagine how such an odd thing had happened. But there stood the shoes without a false stitch. Soon came a customer, who liked the way the shoes were made so well that he paid a high price for them. So the old cobbler bought enough leather to make two pairs of shoes, cut them out, went to bed early and slept peacefully. When he woke up there on the table sat two pairs of beautifully made shoes, which during the day he sold for enough money to buy leather for four pairs. So he cut the four pairs out and went to bed with no worry on his mind. And somebody always made his shoes during the night, so that soon he became well off again."

"One night he said to his wife, 'I want to sit up tonight and see who does my work for me.' So he and his wife made a nice fire and turned down the light and hid in a corner of the shop, watching for what would happen. Soon after midnight two little dwarfs came and, catching up the shoes, made their nimble fingers fly till the job was all done. Soon as daybreak came the dwarfs dashed out of sight, and the old couple went to bed."

"Then his wife said to the cobbler: 'These dwarfs have made us rich. They have no clothes to keep them warm. I'll make them some, and do you make them each a little pair of shoes.' So she made two coats and two tiny pairs of pants and two shirts, while her husband made the shoes. Then they watched again to see what the dwarfs would do. At midnight into the shop they skipped, and, seeing clothes instead of cut out shoes, they put on the garments, delighted with their fit, and danced out of the door. And the cobbler and his wife never saw them again, but all went well with them forever after."

There stood the Shoes, Beautifully Made.

DRESS UP

OPENING SOMEWHAT MARRED
BY DOWNPOUR OF RAIN
LAST NIGHT.

Band Concert and Parade Postponed
—Unveiling of Windows Showed
Attractive Displays.

The rain did not interfere with the unveiling of the window displays on the opening night of Dress Up Week, but it prevented the opening address by Hon. B. P. McDonald and the Buckeye band concert from the south side of the court house steps.

Nearly all of the downtown stores participated in the window dressing contest, not so much on account of the prizes offered as from a patriotic spirit of civic pride.

The rain of course prevented an excursion of sight seers into the downtown districts as it poured down continuously from 6:15 until after eight o'clock. However, if it clears up this evening there will no doubt be a large crowd out to see the handsome and elegant displays which are made by the merchants.

Nearly all of the stores had their display windows covered yesterday while window dressers were kept busy getting ready in time for the opening. Promptly at 7:30 last evening all windows were unveiled and a surprise awaited all who ventured out "window shopping."

There are many beautiful displays on exhibition. There are artistic, skillful, masterly and workman-like ideas shown in all the windows, equal to those of the big city stores where enormous salaries are paid the window dressers.

A number of living models will be shown during the week. The women will turn to those stores which display goods in which they are interested and they will not be disappointed for the exhibitions are attractive and charming and all of the handsomely gowned models are surely elegant and graceful. They are adorned and arrayed in all the latest fashions and their attractiveness keeps the throngs gazing at them in silent admiration.

The banquet of the Business Men's Association at the Warden hotel will be held this evening and the band concert by the Buckeye band will be given tomorrow evening in the court house park to begin promptly at 7:30 o'clock, providing the weather is favorable.

A public promenade is announced for Thursday evening and prizes of \$5 each will be awarded the best dressed man and woman. Prizes of \$10, \$5 and \$1 will be given for the best decorated windows. All prize winners will be announced Friday evening at 7:30 o'clock from the north steps of the court house.

Society

The members of the Alpha Sewing club were very enjoyably entertained by Mrs. John C. Jones at her home in Evans street, Friday evening. The evening was spent in various pleasant and a dainty lunch was served.

Those present were: Messrs. and Mesdames Wesley Braden, E. T. Rine, C. D. Martin, J. M. Layman, A. G. Warrington, W. E. Land, Mrs. H. C. Tothacker, Mrs. Charles Rine, Mrs. F. M. Brooker, Mrs. A. J. Ferguson, Misses Leona, Helen and Glenda Ferguson, Margaret Morris, Jessie Greenawalt, Wilma Warrington, Mertie Jones and Masters Paul, Omar and Ross Greenawalt, Robert Land, Karl and Benton Jones.

Mr. and Mrs. Jones expect to move to Mt. Vernon, O., in the near future to make their home in that city. They take with them the best wishes of a large circle of friends. Mrs. Jones was presented with two hand-painted plates as an expression of the esteem in which she is held by the club members.

The next meeting of the club will be at the home of Mrs. William Keckley in Evans street Wednesday April 12.

The girls of the Twentieth Century club met Saturday at the home of Miss Mildred Eade in Hudson avenue. The afternoon was spent in games and music, after which dainty refreshments were served to the members and following guests: Misses Lila Cooperider, Marian Montgomery, Virginia Warner and Eleanor Johnson. Miss Neva Hulslander was elected a regular member of the club.

The next meeting will be held with Miss Anna Haynes.

A social crowd gathered at the home of Mrs. Fred Bellmire one mile east of St. Louis Saturday evening to participate in a miscellaneous shower which she gave for her sister Miss Myrtle Hissong who recently was married to Mr. Howard V. Taylor. The happy couple were presented with many useful articles for which they wish to extend their appreciations. The guests present were:

Mrs. Ethel Stockdale, Mrs. Geo. Van Voorhis, Mr. and Mrs. E. W. Hissong and son, Fred, Mr. and Mrs. B. Riley and daughter Grace, Miss Elizabeth Evans, Miss Marie Coffman, Miss Hattie of Newark, Mr. Boyd Van Fleet, Mr. and Mrs. Hugh

Scott and son and daughter Walter and Gladis, Mrs. M. R. Lock and sons George and Russell, Mr. Lloyd Brooks, Mr. Stanley Frost, Mr. and Mrs. Howard Taylor and the hostess Mr. and Mrs. Fred Bellmire.

Mr. and Mrs. Taylor expect to make their new home in West Newark where Mr. Taylor is employed at the Jewett Car works. The jolly crowd left wishing Mr. and Mrs. Taylor a long and happy life.

Mr. Raymond Long was the honor guest at a stag party given at the home of Mr. and Mrs. Justen Keeley in Charles street on Monday evening, the occasion being his birthday anniversary. The hours were informally spent and dinner was served the following: Messrs. Ambrose, Peeney, Justen Keeley, Albert Gundlach, Neil Floyd, Joe Gainer and Ed Duffey.

The "Ladies Circles" assisted by the class of "Willing Workers" will give a social and Bazaar at the home of Mr. Charles Rufner next Friday evening (the 8th) for the benefit of the Licking Baptist church. The supper will consist of Chicken pie, pickles, sandwiches, coffee, fruit and cake. We extend a hearty welcome to every body. Come and have a good old fashioned social time.

The women of the ninth division of the First M. E. church gave an interesting entertainment at the church on Monday evening and the following program was given: Piano solo, Miss Frances Powell; reading, "An Old Sweetheart of Mine," Miss Flavia Dunston; solo, Master Worth Criswell; duet, Mrs. I. M. Oxley and Mr. S. E. Varner; solo, Miss Junia Sells; reading, "Specially Jim," Miss Flavia Dunston; solo, Worth Criswell; play, "How the Story Grew," women of the ninth division. The program was greatly enjoyed and was highly complimented. The women realized \$30 from the play and this will be applied on their pledge to the First M. E. church.

OHIO STATE
CIRCUIT FIXED;
SCHEDULE MADE

Magnates of the Ohio State league meeting at Lexington, Ky., Sunday adopted their schedule with opening games on May 10, as follows: Lexington at Frankfort, Charleston at Huntington, Portsmouth at Maysville. The directors rescinded the rule adopted a year ago which prevents the signing of more than three players with previous professional experience.

The Sick.

Harry Burgess, conductor on the North Fourth street car line, was removed from his home, 7 1-2 North Fourth street to the Newark Sanitarium. He is suffering from typhoid fever.

Mrs. Charles Tanner of West Main street was removed from the City Hospital to the home of her sister, Mrs. Stanley Miller, in Poplar avenue. Mrs. Tanner is recovering rapidly from an operation performed at the hospital ten days ago.

Paul Alspach, aged 12, son of Mr. and Mrs. H. C. Alspach of Eleventh street, is quite ill, suffering with pneumonia.

Wallace C. Diment has again been called to Clyde, Ohio, by the serious illness of his mother.

ALSO FOR SOUTHLANDS.

Beauty of line is the distinctive mark of this suit. Made of a beautiful quality of white broadcloth, the skirt has a fullness that is achieved by box plaits, while the skirt of the coat gets its flare from two inverted plaits over each hip. The revers are faultlessly tailored, and the demibelt is finished with four white pearl buttons both back and front. The jaunty little spring hat is of white satin with a grosgrain band and a pink rosette on the outside of the left brim. This suit is correct for board walk, pier and hotel wear all the spring.

Personal

William Webber of Columbus is spending the day in Newark.

J. C. Brier of Columbus is looking after business interests in Newark today.

Thomas Francis of Boston, Mass., is looking after business interests in the city today.

Mr. C. Vernon Wise of North Fourth street is on a business trip to New York City.

Mrs. Susie Conners of Cleveland, who formerly resided in Newark, is spending a few days with relatives in Newark.

Arthur Davis, who is employed in Akron, returned to that city today after spending Sunday and Monday at his home in this city.

William Andrews of Columbus is looking after business interests in the city today.

Our Boys and Girls

After five or six years of age stammering among children is apt to increase from imitation, association and faulty methods in elementary school teaching. Perhaps there is no greater omission in the whole public school system than that which concerns methods of enunciation and precision of speech. Young children acquire more bad habits of speech at school than the best parents in the world can counteract or neutralize.

Many instances of stammering are picked up in unconscious imitation by association with other children in the schoolroom and on the playground. This should not be so, indeed, someone is derelict when it occurs. You might as well put a hungry wolf in a sheepfold as to allow a stammering teacher or child to mingle with your children at school.

WILKINS' CORNERS CHURCH.

Rev. A. B. Cox, pastor of the East Main street United Brethren church of this city has just completed a three weeks' series of special Evangelistic services in the school house at Wilkins, northeast of the city.

Rev. W. E. Morris of the Licking circuit, Rev. M. R. White of the Newark Tenth Street church and Edwin M. Larson also assisted Rev. Cox during the meetings. A similar meeting was held one year ago at the same place which resulted in 41 joining the church and the establishment of a new United Brethren church of 41 members, and the organization of a strong Sunday school.

During the three weeks services just ending, 37 more persons joined the church, and 2 have moved away, which at the present time gives the new church a membership of 76, and it is well organized with a Junior and senior Christian Endeavor society and Sunday school.

Plans for a new church which were formulated last summer will now be completed and an adequate church house erected.

REVIVAL SERVICES.

There will be special revival services every night this week at the Pentecostal Mission 13 South Fourth street. Song services will begin each evening at 7:30. Everybody welcome. Our mission work is undenominational and we cordially invite all Christian believers to come and co-operate in these meetings. Bring your friends along. T. A. Lee, evangelist.

The Jest of Yesterday.

"Once upon a midnight dreary—
When I sat at my desk alone
I was not another weary
Paraphrase of Mr. Poe
Till the volume that I pondered
Was of quaint, forgotten lore
That got by (but how I wondered)
In the days entitled "Joke"

Things were gathered in this volume
Over which our fathers roared—
Gems from many a bygone column—
Of by-faltings, frowns and Ward.
Some of it, of course, was funny.
More was sad as sad can be.
How it ever got the money
Is a mystery to me.

So, when dreary seems my column,
When I sit at my desk alone
I take down that yellowed volume
Of forgotten comic lore,
Of forgotten come late,
Seeking whimsy to discover
Of quaint, forgotten lore
That got by (but how I wondered)
In the days entitled "Joke"

Read the Wants tonight.

If Too Fat Get More Fresh Air

BE MODERATE IN YOUR DIET
AND REDUCE YOUR WEIGHT
WITH OIL OF KOREIN.

Lack of fresh air, it is said, weakens the oxygen-carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs are hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Fat put on by indoor life is unhealthy and if nature is not assisted in throwing it off by increasing the oxygen-carrying power of the blood, a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air; breathe deeply, and get from W. A. Erman, Evans Drug Store or any druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself every few days and keep the treatment until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion and even a few days' treatment has been reported to show a noticeable reduction in weight.

A Certain Silver Scepter.

Beau Brummel had a very odd way of accounting for the sad change which took place in his affairs at this time. "He used," observes one of his friends at Caen, "when talking about his altered circumstances, to say that up to a particular period of his life everything prospered with him and that he attributed his good luck to the possession of a certain silver scepter with a hole in it, which somebody had given him years before with an injunction to take good care of it, as everything would go well with him so long as he did and vice versa if he happened to lose it. The promised prosperity attended him for many years while he held the scepter fast; but, having at length in a fit of momentary madness given it by mistake to a hackney coachman, a complete reverse of his previous good fortune took place and one disastrous occurrence succeeded another till actual ruin overtook him at last and obliged him to expatriate himself."—Captain Jesse.

Origin of the "Three R's."

The famous toast to "the three R's"—reading, 'riting and 'rithmetic—was made by Sir William Curtis, lord mayor of London, in the year 1793 and for many years one of the warden's of the tower. What made it more ludicrous was that he proposed it at a dinner given by the London board of education. It was received with great applause and drunk amid much merriment. At the time it was recognized as a jest, but was afterward taken up in earnest by the mayor's detractors, who have handed his name down to posterity as a blundering ignoramus. A writer has now come to his defense and says that when he was a boy an aged member of the board of education assured him that Sir William knew better and that he really used his famous alliteration as a jest. To many people, however, the story will always sound better when it is based upon the belief that Sir William was really serious.

A Record Hailstorm.

One of the worst hailstorms ever known in the United States occurred Sept. 5, 1898, in Nowaday county, Missouri. The path of the storm was about three miles wide and eighteen miles long, its greatest violence being felt over a region of four square miles east of Clarmont. At one point in this region the fall of hail was so heavy that a drift unprotected by artificial means remained lying on the ground for four weeks after the storm. At the end of that time people in the neighborhood were found gathering the hail for the purpose of making ice cream. During the storm cylindrical pieces of ice were picked up four inches long by about two and a half in diameter. The growing corn was practically all destroyed. In a field of eighty acres only one stalk was left standing.—Chicago News.

A View of Jefferson Davis.

Very straight and tall, thin, with a clear cut, clean shaven, distinguished face, with a look half military man, half student, with a demeanor to all of perfect if somewhat chilling courtesy; by temperament a theorist, able with the ability of the field marshal or the scholar in the study, not with that of the reader and master of men, the hardest of workers, devoted, honorable, single minded, a figure on which a fierce light has been; a man not perfect nor always just, bound in the folds of his own personality, but yet an able man, who suffered and gave all, believed in himself and in his cause and to the height of his power labored for it day and night. Such a man was Jefferson Davis.—Mary Johnston in "The Long Roll."

Conquered.

"No," snapped the hard featured woman, opening the kitchen door about six inches, "and, to be perfectly plain with you—"

"You couldn't, marm," gallantly interposed Tufford Knutt, lifting his tattered remnant of a hat—"you couldn't be otherwise than perfectly homesome with me!"

"I was going to say," she rejoined, visibly softening, "that, to be plain with you, there is nothing in the house but cold victuals, but if you care to try a plate of warmed over hash you can come in."—Chicago Record-Herald.

Didn't Tire Him.

He had taken pains when he applied for work to assure the farmer that he never got tired. When his new employer went to the field where he had put the man at work he found him lolling on his back under a tree.

"What does this mean?" asked the farmer. "I thought you were a man who never got tired."

"I don't," said the hired man calmly. "This doesn't tire me."—Exchange.

Liquid Ones.

They were waiting for dinner, and the virtuoso, who was to play afterward at the musicale, was willing away the time at the piano. "How would you like a sonata before dinner?" he asked.

"Hardly," returned the host. "I had four on the way home."

A Happy Ending.

"Has your new novel a happy ending?"

"Very. The judge awards my heroine \$50,000 a year alimony in the closing chapter."—Detroit Free Press.

Sins of Omission.

Tommy—Pop, what are the sins of omission? Tommy's Pop: The sins of omission, my son, are those we forget to commit.—Philadelphia Record.

The more one judges the less one loves.—Balzac.

The spectroscope discovered helium.

CARROLL'S

Now that you have seen our windows, don't miss the "main show on the inside"—you will be pleased with the beautiful new garments, dress materials and accessories.

New Tailored Skirts Specially Priced at \$2.95

Intended to be worn with top coats and sport coats, with silk jerseys and for house wear. The newest and prettiest styles are in corduroys, serges and black and white checks—all very wide, circular or gored.

John J. Carroll

WOMEN EXERCISE TOO LITTLE, SHE SAYS

Society women who, like birds, fly south with the first winter chill and north to escape the summer heat, are soundly condemned by Miss Susanna Cocroft, the Chicago author and health expert. Summer and winter resorts weaken the American woman, she declares.

"If women would take up outdoor sports that would keep them happy and vigorous in the climate to which they are born," she says, "and not run away from the least bit of discomfort to a warmer climate, they not only would be happier themselves, but they would create in themselves the power to make others happy."

"It is in overcoming discomfort that we grow stronger. The conquest a woman makes in drawing in a draught of deep cool air, with the circulation she starts by exercising in the cold open air, is one of the greatest benefits of ice skating for example. Ice skating has this advantage; it brings the woman out into the open and, exercising, she is bound to take more oxygen into her system, which releases the waste out among the tissues. Then, deeper breathing helps her to throw this waste from the system.

"The masses of women take too little real, wholesome enjoyment. A few of our women play golf and the better circulation and their better viewpoint of life is shown in rosy cheeks and vibrant nerves. They are alert and ready to do, but in speaking of the middle-class. They, somehow, seem to feel that they are wasting time in taking exercise. They will sit and sew by the hour on fancy work and consider themselves virtuous while they are straining their eyes, straining their nerves, sitting in the house, missing the sunshine, missing the fresh air, and missing the mental poise which comes from getting away from one's work and viewing it from the outside."

Everyday Etiquette

"A strange man tried to start a conversation with me on the train," remarked Ruth. "Should I have called the conductor?"

"Not unless he persisted after you had plainly told him you did not care to talk to him," said her father. "You might have gone into another car with less attention drawn to the episode."

A single nest of the Australian bush turkey has been found to weigh five tons.

Be Healthy, Happy and Vigorous

Vigorous Men and Women Are In Demand.

In this strenuous age of competition you need a tonic to make you fit for the battles of life. If you feel tired out, out of sorts, mentally or physically depressed try WENDELL'S AMBITION PILLS. If you are dissatisfied T. J. Evans is authorized to refund the purchase price of the first box purchased.

AMBITION PILLS have helped others who suffered from trembling and affections of the nervous system. It is folly to suffer from loss of appetite, lack of confidence, sleeplessness, kidney, liver complaints without trying to conquer these afflictions. Marked benefit may be noted from the use of Ambition Pills. Fifty cents at T. J. Evans and dealers everywhere. Mail orders filled, charges prepaid, by the Wendell Pharmaceutical Company, Inc., Syracuse, N. Y.

Milady's Boudoir

Wrinkles are more prominent in cold weather than at other seasons of the year and to prevent this condition one should keep the skin well lubricated, so that it will be pliable and soft and will not wrinkle like parchment when contracted by the cold.

If everything is right about your body which should cause wrinkles, look to your mental condition for the cause of them. Give nature a chance to let you forget the petty worries and troubles of the day during the nights of long, unbroken sleep. Practice self-control when you are irritated and annoyed and do not allow your emotions to run away with you.

Go through each day with a smiling face and with a clear, sunny outlook on life, accepting events as they come and so with the happy tranquility of a contented mind. Transgressions on the rights of the nervous system show their effects upon the face and lack of self-control causes wrinkles.

Suppose you are at dinner and a disturbing element creeps in to disturb the repast. Your appetite flies, your face pales, your digestion stops and tears flood your eyes. In less than a minute you are transformed from a happy, sweet faced creature into a woman who could not claim the smallest share of good looks.

In time you will regain your composure and normal state of mind but the sins of lack of self-control are visited upon the skin. There will be several tell tale lines seaming its once smooth surface.

If you wish to preserve the unlined smoothness and soft texture of your skin, refrain from all worry and any display of negative feelings.

Read the Wants tonight.

Instant Bunion Relief

Guaranteed — or Not a Cent's Charge

You need not suffer bunion torture an hour longer. No matter how large or painful your bunions may be — or how often or by whom treated and pronounced "incurable" — here at least is convincing proof that there is a positive relief for you — right now — today.

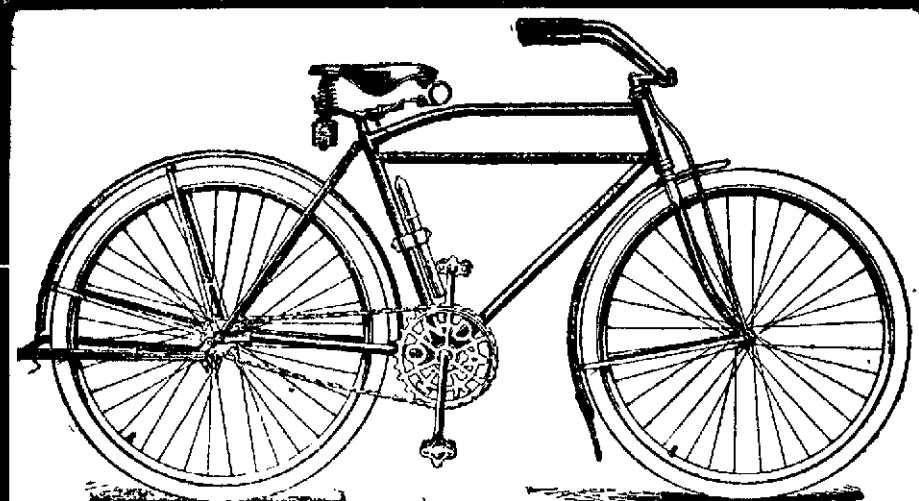

"Bunion Comfort"

Is Guaranteed to Give Instant Relief

and positively cure the most stubborn bunions. You'll have peace and comfort as soon as you apply one. The pain and inflammation disappear like magic. You can really enjoy walking once more. Ladies can wear their natural, small size shoes without discomfort — don't cut holes in your shoes and use old fashioned cotton or felt pads, washers and steel contraptions. "Bunion Comfort" is the common sense logical remedy for bunions. It absorbs and draws out the inflammation, softens and dissolves the accumulated layers of cartilage which really make the bunion, thus reducing the enlargement and restoring the deformed foot to its healthy normal size.

Get a Box of "Bunion Comfort" Today — try two plates. If you do not declare this to be the most marvelous bunion remedy you've ever tried — return the other two plates and get your money back.

STEEL CARS

OF MODERN DESIGN ON B. & O. TRAINS PASSING THROUGH NEWARK.

Pay Checks Arrived at Noon Today — Heavy Rains Have Not Hindered Traffic.

Beginning today Baltimore and passenger trains No. 103 and 104 will be equipped with steel cars of modern design and equipment. The trains consist of a Pullman parlor car, cafe coach, two day coaches, baggage and mail car and an express car, all new steel cars recently adopted by the company. The cars were built by the Pullman car company. The floors are of concrete and the ceilings of what is known as pearl white finish.

They are also equipped with electric lights and fans which change the air in the cars every few minutes. The trains caused considerable comment among passengers at the depot today and within a short time it is expected that all the company's trains will be composed of steel cars.

Workmen Enroute.

The Baltimore and Ohio railroad this morning handled a gang of foreigner enroute to Given, O., for construction work for the Grace Construction company. The gang numbered 22 men.

B. & O. Checks Today.

The Baltimore and Ohio pay checks arrived at noon today.

Water Conditions Normal.

Local Baltimore and Ohio railroad officials announced today that the heavy rains had not impaired the company's traffic and that no delay of the trains had been occasioned by the flood conditions in the state. They expected no trouble at Zanesville unless the heavy rains in northern Muskingum county caused the Muskingum river to take another sudden rise. The water at Zanesville this morning was reported to be receding and little danger was expected.

On the Lake Erie division, the waters while at many places, was reported out of its banks, was not affecting traffic and none of the many culverts even threatened. Every train up until late this afternoon was reported on time.

Stevens at Baltimore.

Supt. Donald F. Stevens of the local Baltimore and Ohio division, was in Baltimore Monday on official business.

Lilac Domino.

The Lilac Domino musical comedy production which appears at the Auditorium tonight, arrived in Newark at noon today via the Pennsylvania railroad.

Excursions Assured.

Passenger agents representing practically every railroad met yesterday at the Sinton hotel in Cincinnati and decided to hold excursions this spring and summer as heretofore. It was pointed out at the meeting that these excursions were the best things possible for advertising cities and should be continued.

The only discussion was on rates and times for the excursions, so trips to Louisville, Columbus, Indianapolis, Lexington and other Kentucky, Indiana and Ohio points would not conflict.

The roads taking part in the meeting were Pennsylvania, Baltimore & Ohio, Baltimore and Ohio Southwestern, Cincinnati, Hamilton and Dayton, Lake Erie and Western, C. I. and W., Louisville and Western, Queen and Crescent, Chesapeake and Ohio and C. L. and N.

The excursions will begin April 23, Easter Sunday, and continue throughout September.

Makes Good Record.

In 1915, the third successive year in which no passenger was killed in a train accident on the Pennsylvania railroad lines east of Pittsburgh and Erie, 4,364,519 tests and observations were made to determine how well the train operating rules and signals were being obeyed. These tests covered the work of both officers and employees.

The results, which have just been compiled, show that only one error occurred in every 1110 trials, giving a record of 99.9 per cent of absolute perfection. In four classes of tests, including obedience to various 'stop' signals, not a single failure on the

BAD STOMACH NEEDS GOOD MEDICINE

Artificial Digestants Merely Digest One Meal at a Time. Mi-o-na Prepares Stomach To Do Its Own Digesting.

Strengthens the Stomach and Stops Indigestion.

Folks who suffer all the time from bad stomach and indigestion usually need something more than ordinary pepsin or soda mint pills to do them any real good.

Such artificial digestants may help digest the food but hurt the stomach and further weaken it. People with stomach trouble need a real medicine that acts on the stomach and strengthens it so it can do its own digesting. Mi-o-na Stomach Tablets are a perfectly balanced combination of medicines that not only give quick relief to existing distress, but loosen up the hardened bile and mucus from the walls of the stomach, strengthening the natural digestive organs and stopping in a short time the need for use of any artificial digestant. Mi-o-na is harmless and T. J. Evans and other good druggists sell it on a positive guarantee to successful results or money back.

SIMPLE APPLICATION THAT DISSOLVES BLACKHEADS

No more squeezing and pinching to get rid of those unsightly blemishes, blackheads. There is one simple, safe and sure way to get the dirt out and that is to dissolve them. To do this just get about two ounces of powdered norexin from your druggist — sprinkle a little on a hot, wet sponge — rub briskly over the blackheads for a few seconds — wash the parts and every blackhead will be gone. Pinching and squeezing out blackheads makes large pores and you cannot get all of the dirt heads out this way — while this simple application of powdered norexin and water dissolves every particle of them and leaves the skin and pores in the best possible condition. Any druggist will sell you the powdered norexin and about two ounces will be all you will ever need. —Advertisement—

part of any employee occurred throughout the year.

An exceptionally high record was made in the observance of rules intended especially for the protection of the employees. These included such matters as precautions in the shifting of trains and also the safety regulations governing men engaged in track work.

In the shifting of trains, 68,941 observations were made and 17 errors recorded. There were 342,991 tests for obedience to the safety rules for track workmen, and in only 73 cases were these rules disregarded in any way. That meant one error in every 4699 trials. Last year accidents to employees were reduced 11 per cent.

Only eight failures to follow strictly the rules governing watchmen stationed at grade crossings occurred in the 62,934 instances which were observed last year.

WOMEN CONCEDE SUFFRAGE WILL BE DEFEATED

(ASSOCIATED PRESS TELEGRAM) Washington, March 28.—By a vote of ten to nine the house judiciary committee today voted to postpone indefinitely consideration of all suffrage and prohibition proposals now before it.

(ASSOCIATED PRESS TELEGRAM) Washington, March 28.—The house judiciary committee met today for final action on the Susan B. Anthony constitutional amendment for women's suffrage. The committee was divided 10 to 9 in favor of postponing consideration of another proposal before the house. They were assured of the support of only nine of the twenty-one members of the committee.

President Wilson's aid in securing congressional action will again be sought, it is announced, after suffrage leaders conclude their western campaign, when they will also report to him the results of their trip.

FOR FRECKLED, ROUGH OR SPOTTY SKIN

The freckling, discoloring or roughening to which delicate skins are subjected after exposure to wind or sun, often appearing in early spring, may readily be gotten rid of. Mercolized wax, spread lightly over the face before retiring and removed in the morning with soap and water, completely peels off the disfigured skin. Get an ounce of the wax at any druggist's. This is a more effective way of banishing freckles or other cutaneous defects. Little skin particles come off each day, so the process doesn't even temporarily mar the complexion, and one soon acquires a brand new, spotless, girlishly beautiful face. Wrinkles caused by weather, worry or illness are best treated by a simple solution of powdered saccharated, dissolved in 1/2 pt. witch hazel. Bathing the face with this process a truly marvelous transformation.

TEN COMMANDMENTS FOR CLEAN UP CAMPAIGN.

LOVE your neighbor's lot as you do your own, but be sure to love your own.

Don't plant tomato cans and rubbish on unused land. Their fruits are withered civic pride.

Don't allow yourself or your city to create dumps. Waste can be made to pay for its own destruction at a profit.

Don't allow tumbled down buildings to stand on valuable land. They are financially wasteful. They create filth, invite vice and are a menace to life.

A fence that has ceased to be a fence and has become an offense should be repaired or destroyed.

Unregulated advertising on unused land pays for the maintenance of a public nuisance.

Two gardens may grow where one dump has bloomed before.

School gardens are valuable adjuncts to education and recreation. They can be cultivated on an open lot.

Let the children play on the unused land, so they may become strong and keep out of the hands of the law.

Let not an inch of land be kept in idleness. It has a divine right to bear fruit and flowers and ever serve the highest interest of man.

Have Learned the Danger of the Fly.

Ever since the plague of flies in Egypt and probably long before it the common housefly has been a nuisance to mankind, but lately men of science have discovered that it is much worse than a nuisance, for it is both filthy and often dangerous to health.

ARRESTS

OF ALLEGED "WHITE SLAVERS" CHARGED WITH INCENDIARISM IN CLEVELAND

One Is In Hospital Under Police Guard—Fatal Apartment House Fire Today.

(ASSOCIATED PRESS TELEGRAM) Cleveland, March 28.—Fire, which swept through an apartment house in Prospect avenue early today causing the death of two persons and injury to more than a score of others was of incendiary origin, according to police and detectives.

Police today were holding three men and one woman at headquarters and had established a police guard at the bedside of Bessie Reimer at Huron road hospital.

"The Reimer girl is as much under arrest as any of the other four," said Detective Farrell. "We are convinced that she knows who started last night's fire as well as the fire yesterday morning in her room."

Nearly all of the five were involved in a white slave investigation a few days ago following which one woman was sent to the workhouse. In this case the Reimer girl was the alleged victim.

More than one hundred persons were in the building when the fire started and most of them had to be rescued by means of ladders and nets. The fire was the second within a day.

Yesterday morning there was a fire in Miss Reimer's room and she was rescued by firemen and taken to a hospital. Miss Reimer was nearly suffocated but was revived and last night returned to her room.

According to the story she told the police today, a masked man entered her room shortly after 1:30 this morning, gagged her and bound her hands and feet, after which he started a fire in her room with paper.

She managed to get to her feet and hobble out of the room, but not before the fire had spread and other occupants of the building had become alarmed. She hobbled down the hall and entered the apartment of Mr. and Mrs. A. J. Melchior. Mrs. Melchior had just jumped from the window and Melchior was hanging on to the sill from the outside ready to drop when Miss Reimer hobbled over to the window. The crowd outside yelled to Melchior not to jump and he clambered back into the room and cut Miss Reimer's bonds.

He then lifted her out of the window and both the girl and himself were carried down an extension ladder raised by the firemen. Miss Reimer was burned about the right shoulder and again was taken to the hospital.

The dead man was identified as J. B. Lewis, 42, who is said to have a wife and three children in New York City. He was employed as a solicitor on the Cleveland city directory. The dead woman was identified as Mrs. Elizabeth Simpkins, 50, saleswoman in a Euclid avenue store.

Chief of Detectives Rabshaw this afternoon said he had obtained a confession from Miss Bessie Reimers that she had accidentally set fire to the Foster apartments in an attempt to commit suicide.

"A charge of murder, and perhaps arson, will be placed against her some time today," Rabshaw said.

Clean Up and Prevent Criticism

A TRAIN on which a well dressed St. Paul citizen was recently traveling stopped at a small town. From the car window could be seen a dozen or more back yards. Heaps of refuse were scattered over the weedy ground. Here and there a tin can glistened in the sun.

The houses were dull, uninteresting and in bad repair. A couple of listless men boarded the train and sank into their seats, apparently thankful to be leaving the place.

An hour later they approached another town. There was no dismal outlook there. The back yards were carpeted with close cropped grass and patterned with flower beds. Fresh painted white fences separated the lawns. Most of the houses had been recently painted.

"Is this the county seat?" the citizen asked the conductor.

"No; that last town is the county seat," was his answer, "but this place is going to be. That other town hasn't got enough self respect to fight the bill that will make the change. This town is a hummer. It deserves to win."

Making Them Useful.

"Our congressman has sent us some free seeds. Shall I throw them away?"

"No. They will come in handy to plant in a fake garden to keep the chickens occupied."—Kansas City Journal.

BRUSH TEETH CORRECTLY

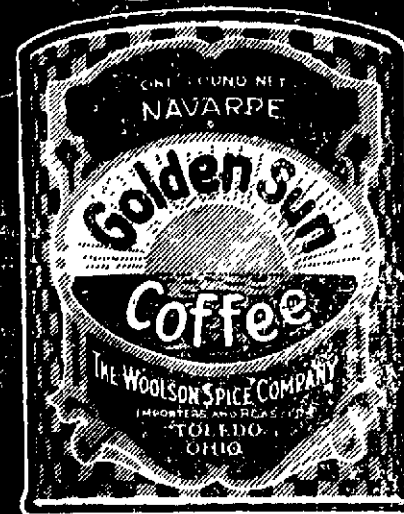

The right way to brush the teeth is to hold the bristles upright. In this way the crevices, as well as the surfaces are thoroughly cleaned, provided a few drops of hyclorite in a glass of water are used.

Particles of food which invite germs and microbes get into the tiny crevices. Hyclorite reaches every crevice, kills the germs and makes the mouth and breath sweet and clean.

You surely must use hyclorite and avoid decay of teeth. Rinse and gargle with this very satisfying and effective mouth wash and you will escape throat troubles and other germ diseases.

Dentists are urging the use of hyclorite because it is such a pure, safe and remarkably effective antiseptic. It cools and soothes, cleanses and heals and is very economical. Hyclorite can be obtained from any druggist. General Laboratories, Madison, Wis.

Why Not Get Rid of Eczema?

If your skin itches and burns with eczema or any such tormenting, unsightly skin disease, simply wash the sore places with Resinol Soap and hot water, dry, and apply a little Resinol Ointment. Usually the itching stops INSTANTLY, you no longer have to dig and scratch, sleep becomes possible, and healing begins. That is because the soothing, antiseptic Resinol medication arrests the action of the disease, and almost always restores the tortured, inflamed skin to perfect health—quickly, easily, and at little cost. Prescribed by doctors for over 20 years, and sold by every druggist.

What the Right Soap Does for Your Skin

Money cannot buy a purer, more cleansing toilet soap than Resinol Soap. And the healing Resinol medication in it helps to keep the complexion clear, fresh, and beautiful.

OHIO SECURITIES COMPANY NOW IS ORGANIZED

JAMES R. FITZGIBBON IS MADE PRESIDENT, J. W. HOHL, MANAGER

New Company to Provide Capital for Industries and Investments for the General Public.

The Ohio Securities company formed for the purpose of providing its customers with sound investments and furnishing additional capital for successful corporations needing money for expansion, was organized this morning by the election of the following named officers:

President—James R. Fitzgibbon.

Vice President—George Hayden.

Secretary-Treasurer—James K. Dewey.

General Manager—J. W. Hohl.

These four men together with R. B. Bishop constitute the board of directors. Mr. Fitzgibbon, head of the new company, Mr. Dewey, formerly of the Franklin National bank and former member and clerk of the Newark school board, is an expert accountant and to him will be entrusted the work of examination of the books and records of concerns seeking assistance of the Ohio Securities Company. Mr. Hohl, general manager, was for three years district manager of the R. L. Dillins company, his territory comprising several counties in Central Ohio was one of the most efficient men on the Dillins staff. Mr. Bishop is a resident of Centerville and is connected with the banking institution of that place.

For many years men in higher financial circles have recognized that one of the predominant causes for business failures is the lack of sufficient capital. With this idea in mind the Ohio Securities company was organized. This company is an Ohio corporation, its services entirely to this state, and backed by men of the highest integrity and honesty. Roger Babson, recognized as the greatest economist and financial statistician in the United States, once said that "a corporation can best be judged by the character of the men behind it. If one agrees with Mr. Babson on this point a careful investigation of the men back of the Ohio Securities Company will convince one of the high purpose and conservatism of the Company.

The purpose of the Company is twofold: first, to provide its customers with SOUND INVESTMENTS bearing as high a rate of interest as possible consistent with safety. Second—to provide additional capital for corporations which have been SUCCESSFUL, but needing money for expansion and growth.

The Bradstreet company, in classifying the causes for business failures, places "the lack of capital" at the top of the list and immediately below "Incompetence."

There are hundreds of enterprises in the State which have shown a good record of earnings for years, but at the same time being handicapped by a "lack of capital" to allow them to grow and take advantage of the many opportunities presented by the natural growth of business and commerce.

Before undertaking to finance an enterprise the Ohio Securities Company will make an exhaustive investigation of everything pertaining to the business, which is made by experts—Public Accountants, Cost

Cold-in-head KONDON'S CATARRHAL JELLY

Relieved in one minute. Money back if it fails. Get a 25c. or 50c. tube of Kondon Mfg. Co., Minneapolis, Minn.

Experts, Manufacturing Experts. Men trained in Office Efficiency. Lawyers, Bankers, and experts in the particular line of business of the concern asking for its services. If this investigation indicates that the new capital applied for is actually needed, that there is a reasonable probability that the securities offered will be safe both as to principal and income, that the management is conservative and intelligent, a contract is entered into which remains operative as long as a share of stock, marketed by the company is outstanding.

By virtue of this contract the books of the enterprise will be open at all times to the company's inspection, and an audit will be made at least once a year. In addition to this certain supervision will be maintained over the management and financial affairs of the company, and one of the Ohio Securities Company's officials will be placed on their Board of Directors.

General Manager—J. W. Hohl.

These four men together with R. B. Bishop constitute the board of directors. Mr. Fitzgibbon, head of the new company, Mr. Dewey, formerly of the Franklin National bank and former member and clerk of the Newark school board, is an expert accountant and to him will be entrusted the work of examination of the books and records of concerns seeking assistance of the Ohio Securities Company. Mr. Hohl, general manager, was for three years district manager of the R. L. Dillins company, his territory comprising several counties in Central Ohio was one of the most efficient men on the Dillins staff. Mr. Bishop is a resident of Centerville and is connected with the banking institution of that place.

For many years men in higher financial circles have recognized that one of the predominant causes for business failures is the lack of sufficient capital. With this idea in mind the Ohio Securities company was organized. This company is an Ohio corporation, its services entirely to this state, and backed by men of the highest integrity and honesty. Roger Babson, recognized as the greatest economist and financial statistician in the United States, once said that "a corporation can best be judged by the character of the men behind it. If one agrees with Mr. Babson on this point a careful investigation of the men back of the Ohio Securities Company will convince one of the high purpose and conservatism of the Company.

The purpose of the Company is twofold: first, to provide its customers with SOUND INVESTMENTS bearing as high a rate of interest as possible consistent with safety. Second—to provide additional capital for corporations which have been SUCCESSFUL, but needing money for expansion and growth.

The Bradstreet company, in classifying the causes for business failures, places "the lack of capital" at the top of the list and immediately below "Incompetence."

There are hundreds of enterprises in the State which have shown a good record of earnings for years, but at the same time being handicapped by a "lack of capital" to allow them to grow and take advantage of the many opportunities presented by the natural growth of business and commerce.

Before undertaking to finance an enterprise the Ohio Securities Company will make an exhaustive investigation of everything pertaining to the business, which is made by experts—Public Accountants, Cost

INDICTMENTS ARE QUASHED AGAINST STEEL COMPANIES

(ASSOCIATED PRESS TELEGRAM)
Youngstown, March 22.—Judge W. S. Anderson today granted the motion to quash the indictments recently returned here against five steel companies, charging them with conspiring to fix the price of labor and steel products. The indictment against the United States Steel and E. H. Gary, head of the corporation, still stand as the motion to quash did not include these two defendants on whom service has not secured. The steel company attorneys described the indictments as being too indefinite and uncertain, depriving the defendants of their constitutional rights.

The companies in whose behalf the motion to quash was made are the Republic Iron and Steel Company, the Youngstown Sheet and Tube Co., the Youngstown Iron and Steel Co.,

the Brier Hill Steel Co. and the Carnegie Steel Co. The latter is a subsidiary of the United States Steel Corporation and with the indictments returned against the corporations and Gary identical in form and intent with those against the others. It is assumed by lawyers that the Gary and United States Steel indictments will be dropped.

GERMAN RAIDER WAS SUNK BY THE CRUISER ANDES

(ASSOCIATED PRESS TELEGRAM)
London, March 22.—The British converted cruiser Andes gets the credit for sinking the German raider Greif in the North Sea, February 29, in additional details of the battle published today. After the British armed merchantman Alcantara had engaged the Greif and been rendered helpless by a shell which shattered her rudder, one of her consorts, the Andes, appeared and made it impossible for the Greif to escape. She swept the deck of the German raider, driving the men from some of her guns.

WAR DECLARED ON THE "PEACE HAT"

The PEACE HAT THAT CAUSED WAR

War on the "peace hat," a late creation in spring millinery, is an imminent possibility. Women friends of the birds declare the dove with which the hat is trimmed must go before they will set the hat on their fair heads. They are for peace, they declare, but they say they will not advertise their principles at the price of an innocent bird's life.

Privately, those who are advocating the wearing of the "peace hat" have confessed that the alleged "dove" is not a "real-for-sure" dove at all. They say it is made of chicken feathers. Nevertheless the bird champions declare it looks like a real dove and they will not wear it. So there!

The subject has been brought to the attention of the National Association of Audubon Societies of America, the last authority on bird

protection. The society is making a vigorous fight against the use of bird plumage for hat trimmings. Secretary Pearson says if the alleged "bird" is the body of a real dove, Audubon authorities certainly are against its use in millinery.

"As long as they make these 'doves' out of the feathers of domestic birds, there can certainly be no objection to women wearing them," said Mr. Pearson, "unless perhaps it may be said that by doing so they are encouraging the general subject of feather-wearing."

"The feathers of wild birds cannot be obtained unless birds are killed," said Mr. Pearson, "and therefore should never be worn; on the other hand, ostrich feathers are legitimate as well as beautiful decorations and are approved by the Audubon societies."

Theatres

Gem Tomorrow.

There are more ingenious situations in the Mutual master piece picture de luxe edition, "The Oval Diamond," the five-act detective drama at the Gem tonight than in any film play ever produced. The story is fascinating and the action so rapid that it has you breathless from the

case her own feelings as well is verified by the film version of the book "Don Blair," pictured by Pal-las pictures.

This picture shows Dustin Farnum in the starring role of Ben Blair, the westerner who wins the love of Florence Winthrop, played by Winnifred Kingston.

The understanding between Ben and Florence does not stand the severe test of the attractions of society in New York.

Ben has to fight his case from a new start but what he accomplishes

greatest musical offering of the season and is guaranteed to charm any kind of an audience and every member of an audience. It embraces more popular features than would be thought possible in one evening's entertainment. It has scenic beauty and musical perfection for the high-brow, fashion displays of magnificent costumes and dancing of every variety for the younger element and fun and frivolity in just the right proportions to please anybody. Twenty wonderful songs carry a story of romantic love to a mu-

Marie Hamilton and Chorus in the Lilac Domino at the Auditorium Tonight.

very start. In the cast are Hansome Harris Gordon, Barbara Gilroy, Arthur Bauer and a splendid supporting cast. Admission for this great feature is only 5 cents.

The Lyric.

"The Krane's," a comedy sketch team appearing at the Lyric the first three days of this week pleased a large crowd yesterday afternoon and evening. Their act consists of high class singing, dancing and comedy sketches. There is a great feature photoplay to complete the bill today, "The Stampede in the Night." This is a wonderful western picture full of thrills and will hold you spell bound from start to finish. Olive Golden and Hort Gibson in the leading roles, supported by a strong cast. Admission 5 cents.

Alhambra Tonight.

The old saying about a woman not knowing her own mind and in this

is stirringly told in this photodrama of the west.

Alhambra Wednesday and Thursday.

World Film Corporation presents the five-part photoplay, "Camille," based upon Alexandre Dumas' celebrated novel of the same name and produced by Albert Capellani.

Clara Kimball Young in the part of Camille, has an opportunity of showing what a fine artist she is, registering every emotion perfectly. Miss Young is undoubtedly the greatest actress now before the motion picture public.

"Camille" will be presented at the Alhambra theater on Wednesday and Thursday.

"The Lilac Domino" Tonight.

Andreas Dippel will present "The Lilac Domino," Charles Cuvillier's great three-act musical success of beauty, fun and fashion. This is the

sical finish. Some of the finest voices of the age are heard in the production and a coterie of the loveliest young girls imaginable make up the chorus.

Farnum Outdoes Himself.

William Farnum outshines all previous efforts in his fighting scenes in "Fighting Blood." He plays the part of Lem Hardy, the youngest of a family of fighters, who have gained reputations for courage on the battlefield and in the game of life. In the picture, Hardy becomes a clergyman. His church is invaded by a gang of toughs, former acquaintances. Hardy quells his desire to fight, but at last cuts loose and throws the toughs into the street.

At Auditorium Wednesday and Thursday.

Prof. Robert Grimshaw of New York University was for 20 years an efficiency expert in Germany.

NEW BETHEL

Sunday school morning at 10 o'clock. Let every scholar be present and start the new year with a good attendance.

The New Bethel Sunday school was reorganized Sunday, March 20, with the following officers: Superintendent, Clyde Cross; assistant superintendent, Eva Longshore; secretary, Pauline Glaaze; assistant secretary, Iva Barcus; organist, Letha Grandstaff; assistant organist, Dorcas Needles; treasurer, Arthur Glaaze; chorister, Lloyd Higgins.

Mr. and Mrs. D. S. Davis, Mr. Joe Davis, Mr. and Mrs. Truman Day and children Forest, Mabel and Wendell were Sunday guests of Mr. and Mrs. Frank Buel.

Mr. William Feasel attended the funeral of his uncle, Jacob Feasel at the home of Mr. John Bower at Johnstown, Wednesday.

Mr. and Mrs. Fred Glaaze and children Wilma, Carey and Raymond, Mr. and Mrs. Eliza Debolt spent Sunday with Mr. and Mrs. H. J. Debolt. Mr. and Mrs. J. W. Grandstaff entertained to Sunday dinner the following guests: Rev. H. D. Wickens and the Misses Eva, Von and Iva Longshore, Letha Grandstaff, Iva Barnes and Dorcas Needles.

Mr. and Mrs. Gail Smith of Johnstown spent Sunday with Mrs. Smith's brother, Howard Sanford and family.

Mrs. Cora Jones and daughters Lucile and Naomia of Sunbury are spending a few days at the home of her parents, Mr. and Mrs. W. S. Glaaze.

Mrs. Minerva Day of the State road, is visiting with her son, Riley and family.

Miss Olive Welch of Columbus arrived in this community Saturday and will now be at home to her many friends at the home of her parents, Mr. and Mrs. J. M. Welch.

Mrs. Fenton Welch is spending a few days in Croton helping care for

her grandmother, Mrs. Jane Benoy. Mr. and Mrs. D. S. Davis and uncle, Joe Davis, Mr. and Mrs. L. A. Lunnabary of Vans Valley spent Friday at the home of S. A. Grandstaff and family.

Mr. William Feasel spent from Saturday until Monday at the home of his son, Ray Feasel and family at Vans Valley.

MILLERSPORT

There was a large crowd gathered at the M. E. church Saturday evening to listen Rev. Ackley. We regret that he cannot be here more often. Mr. Ackley has through the grace of God accomplished great good in this vicinity.

Mrs. Cooperider is thought to be slightly improved.

Mr. Griff Miller is rapidly convalescing.

Mrs. Martha Redman who has been ill for the past four weeks at the home of her daughter Mrs. A. C. Spurgeon is considerably improved.

BOYS' SCOUTS HOLD

BIG CONFERENCE.

(ASSOCIATED PRESS TELEGRAM)
Toledo, March 22.—Representatives of the boy scouts from Cleveland, Detroit, Columbus, Cincinnati and Jackson, attended the "Older Boys" conference here today in the interest of the scout movement. The conference will extend over until tomorrow. Only first class scouts and scoutmasters will participate. Plans for future activities of the scouts will be discussed.

Spruce Up

NOW IS THE TIME TO GET THAT SPRING SUIT CLEANED FOR EASTER

An Ideal Remedy for Nursing Mothers

Compound of Simple Laxative Herbs
Safe for Baby and Mother.

Constipation is a condition that affects the old, young and middle-aged, and most people at one time or another need help in regulating the action of the bowels. Harsh cathartics and purgatives should not be employed to relieve constipation, as their effect is only temporary while they shock the system unnecessarily.

A remedy that can be used with perfect safety for the tiniest babe and that is equally effective for the strongest constitution is found in the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin and sold in drug stores everywhere for fifty cents a bottle. This is an ideal household remedy and should be in every family medicine chest.

Mrs. F. I. Barsolow, 18 Leslie St., Holyoke, Mass., wrote to Dr. Caldwell, "Syrup Pepsin certainly is fine. I gave it to my baby, Evelyn, and also took it myself. It is the only medicine I have been able to take without affecting Baby in the nursing. I have used it for all four

EVELYN BARSLOW.

children and it is fine; they like it and ask for it."

A trial bottle of Dr. Caldwell's Syrup Pepsin can be obtained, free of charge by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

A FINE DEPARTMENT.

"Got a good police department in this town?"

"You bet we have."

"Funny all these burglars that are working seem to be able to get away with it."

"Well, that is queer, but we've got a good department just the same."

"What makes you think so?"

"Burglars may be able to get away, but if the tall light on my car happens to blow out I get pinched before I've gone two blocks."

Detroit Free Press.

Sounds That Way, Anyhow.

"What is the scope of a submarine's greatest activity?"

"I guess it's the periscope."

Baltimore American.

Never!

"Do you think a man's wife ought to go to his office?"

"Why, I would just as soon think of taking my stenographer home with me."

HAAS WINNER IN FIGHT FOR DELAWARE P. O.

Washington, March 28. Upon the solicitation of Representative William A. Ashbrook, the president has appointed State Senator William E. Haas as postmaster at Delaware, notwithstanding it had once been decided that Senator Haas would not be named and efforts were made to induce Ashbrook to name another man. The contest has been one of the most spirited ever waged for an Ohio postoffice. Haas was opposed by the faculty of Ohio Wesleyan university and Prof. Fulton of that institution, who once gave the president instruction in elocution, made several trips to Washington and had personal interviews with Postmaster General Burleson and the president.

W. E. HAAS.

The principal charge against Haas was that he is the leader of a "wet" faction. Any attempt to block the confirmation of Haas will prove fruitless, it is said. Senator Pomerenko said that in this case, as in all others, he will adhere to his inviolable rule of not interfering with the postoffice patronage. At Senator Harding's office the statement was made that Senator Harding will not interfere. Of several opposing candidates for postmaster, Editor J. B. Knowles and Bert Leas, former mayor, were the most formidable.

Senator Haas, the new postmaster of Delaware, is well known in Newark. His brother, J. V. Haas, is secretary of the Newark Merchants' Association. Recent information from Washington indicated that the opposition to Senator Haas' appointment would succeed but this appointment by the president settles the controversy.

USED WIRE TO REPAIR CAR TO MAKE THE TRIP

After several hours' work Monday afternoon, a mechanic from the Curtin-Williams company at Columbus, succeeded in getting the old automobile into running order so it was safe to start on the return trip to the Capital City. The machine was reported by the city after its purchase had been illegally made by the former safety director, C. A. Biddle, present director, refused to recognize the purchase and the Columbus firm was notified to complete the car.

ADDING FUNSTON IN KEEPING OPEN LINE OF SUPPLIES.

(Associated Press Telegram)
Washington, March 28.—Administration officials today were taking steps to add General Funston in overcoming difficulties met with in keeping open a two hundred mile supply line to the American forces in Mexico.

Realizing that it may require a week or more to perfect the proposed protocol with the Mexican government covering the use of Mexican railways and other matters concerning the chase for Villa, officials were preparing, first, to press for prompt disposition of the railroad request as a separate issue and, secondly, to send General Funston enough motor vehicles with which to maintain an adequate supply system.

SUBSCRIPTIONS TO GERMAN WAR LOAN

(Associated Press Telegram)
Berling, March 27.—(By Wireless to Sayville).—The amount of subscriptions thus far entered on the official records for the fourth German war loan is 10,667,000,000 marks. Of this total 7,195,000,000 marks are subscriptions to the loan, 1,999,000,000 marks are subscriptions to the registered loan, and 1,473,000,000 marks are subscriptions to treasury bonds.

FOOT-AND-MOUTH DISEASE.

"A German scientist tells us of the case of a St. Bernard which after eating the meat from the hoofs of an animal which died of foot-and-mouth disease developed a typical case through infection."—Farm and Fireside.

AUTO BEATS FASTEST EXPRESS.

"An automobile has traveled from Indianapolis to Terre Haute, Indiana, a distance of 72 miles, in seventy-seven minutes. The time of the fastest train between the two points is ninety-one minutes."—Farm and Fireside.

Scalper George, a member of the Pawnee Indian tribe, located in Oklahoma, has received over a million dollars in royalties from the oil lands which he owns in that state.

Interesting Children

KENNETH PAUL KELSEY.
Seventeen months old son of Mr. and Mrs. Irving Kelsey, of Lebanon.

WHY GASOLINE WILL STAY HIGH

In Farm and Fireside Dr. Walter P. Rittman, chemical engineer of the U. S. Bureau of Mines guesses—and his guess is worth something—that gasoline will go right on advancing in price.

"In 1910 there were 350,000 automobiles in the country," he says. "Now there are 2,250,000. A million new ones are added annually, while about one-fourth that number are scrapped."

"There are 700,000 gasoline engines working on farms, and 6,000,000 other farms are waiting to buy engines."

"There are about 300,000 motor boats in the country, using gasoline. The demand for gasoline is increasing by leaps and bounds. The supply of petroleum is decreasing."

"Before the war we were exporting about 100,000,000 gallons of gasoline annually. Now it is 300,000,000 to 400,000,000, or 30 to 40 per cent of the whole production."

25 Years Ago

(From Advocate, March 28, 1901.)
Mr. James Mill, the bicycle dealer is out today with a magnificent new electric automobile.

The dedication of the new A. O. U. W. hall in the Woodlodge block on the south side of the square will take place this evening with elaborate ceremonies.

15 YEARS AGO TODAY.

(From Advocate, March 28, 1919.)
The Daily Advocate has entered upon the tenth year of its existence. It was born on Monday, March 29, 1909, and began its career as a six column, four page journal. The sophomore class entertained the rest of the High school, Friday afternoon.

The World War a Year Ago Today—March 28.

The Russian Black sea fleet bombarded Turkish forts at the entrance to the Bosphorus, the eastern water route to Constantinople. This move in support of the French and English navies operating in the Dardanelles was of little value.

Austria was preparing to defend the city of Trieste against attack by Italians. Austrians from Czernowitz, Bukovina, crossed the Russian frontier and marched on Chotin, Reszabara.

'Twould Make a Fish Shed Tears.

"The pessimist was suffering from rheumatism. 'Every bone in my body aches,' he complained. 'You ought to be glad you are not a herring,' said the optimist."—Farm and Fireside.

Ever Eat Grape-Nuts?

There's a vast army of physical and mental workers who do.

One reason—its delicious nut-like flavour.

Another—it is easily and quickly digested—generally in about one hour.

But the big reason is—Grape-Nuts, besides having delicious taste, supplies all the rich nutriment of whole wheat and malted barley, including the "vital" mineral salts necessary for building brain, nerve and muscle.

Always ready to eat direct from the package. Grape-Nuts with cream or good milk is a well balanced ration—the utmost in sound nourishment.

"There's a Reason"

—sold by Grocers.

Men Who Know About Investments

At the general offices of the Geiger-Jones Company, in Canton, recently, more than 150 sales representatives were gathered in convention. This convention, as indeed has been the case with every similar convention during the past ten years, developed into a highly inspirational meeting.

Resident salesmen from all sections of Ohio and two other states exchanged experiences and inspired each other with the good news that fundamental conditions in their respective territories are sound; that people believe thoroughly in The Geiger-Jones Company and are glad to purchase the securities it recommends.

The feeling seemed to be that this organization, with the record of its own past performances and the inspiration of its high aims, can go forward with every confidence that the year ahead will surpass any other in the volume of securities marketed.

The only way to understand the undimmed and growing enthusiasm of an organization of this kind is to become personally acquainted with the men in it, and to know what they know about the proposition in which they are interested. To do so, in this instance, purpose so ably directed that nothing can stop the success of the company in its constructive service to investors and manufacturers.

This is the true spirit of The Geiger-Jones Company. From the president down to the latest recruit, the determination is evident to interest does not cease with the sale of a security, but continues to operate for the client's protection as long as he owns Geiger-Jones securities.

In the past, this policy had cost money and effort that seemed at the time to be unnecessary. But in the long run it has paid. We now have a definite and growing market for our stocks, and the confidence and loyalty of our clients to a degree that constitutes the most valuable asset of our business. The confidence and enthusiasm of the 150 salesmen who attended our annual convention was but the reflected attitude of our 10,000 clients. This confidence is founded on actual experience extending, in many instances, over a period of eleven years, and a knowledge of the enterprises whose securities we have marketed.

For the convenience of those heretofore unacquainted with these details, we have prepared "A Portfolio of Anniversary Reports, With Photographs, from Manufacturing Enterprises Financed by The Geiger-Jones Company," a very interesting publication of 32 pages that will be mailed on request to responsible persons who direct their inquiries to the Canton office.

Your Place of Business Is Being WATCHED!

EVERY EVENING hundreds of people pass your store.

THE LINE OF GOODS you handle is judged by the appearance of your window displays.

The Question Is:---

Are you creating a favorable impression? Do people stop before YOUR windows? Or are you allowing them to pass by without giving you a second thought?

IF your windows are poorly lighted the passer-by has reason to believe you are handling a shoddy line of goods, OR he is convinced at a glance that you are not strictly up-to-date.

You Are Practicing Extravagant Economy

When You Neglect Your Show Windows

REMEMBER: You are paying big rent per foot frontage. Why not make it earn its own living?

LAMPS—The new Type "C," or Nitrogen Lamps, are by far the most wonderful and highly efficient lamps ever made. We have them in every size.

We will prove to you the value of Nitrogen Lamps. — Phone Us.

TRY THIS FOR A COLD—IT'S FINE

"PAPE'S COLD COMPOUND" ENDS SEVERE COLDS OR GRIPPE IN FEW HOURS.

You can end gripe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.

Shown Through Plant.
The physics class of the High school were shown through the plant of the Ohio Light & Power company Monday. A special talk on the works of meters was given by Mr. Woolard to the sixty members who comprise the class. The visit proved both enjoyable and instructive and the students are under obligations to the light plant officials.

Born to Mr. and Mrs. Charles Wheeler a 7 1-2 pound girl, Sunday, March 26. Mrs. Wheeler was formerly Miss Grace Connel of Jefferson street.

Excellent Choir Music.
The Chorus Choir of Neal Avenue M. E. church was greeted by a full house last Sunday evening. The program of music was of a high order and the rendering of it was most excellent. The free-will offering was more than twenty dollars. Everyone went away expressing a feeling of delight, over the feast of music and song.

To Issue Bonds and Notes.
Legislation is being prepared for the council meeting next Monday night for the issue of bonds for the city's portion of the expense of paving the alley between Mann and Church streets from Fourth to Fifth, the paving and sewer in North Fifth, Commodore and Chestnut streets. The legislation will also provide for the issue of notes in anticipation of the collection of special assessments for the same improvement. This work will be started within the next few weeks.

Luther League Meeting.
The Luther League of Holy Trinity Lutheran church will meet tonight in the church parlors. Notice the change of place.

Taken to Sanatorium.
Mrs. Kate Smith was moved from her home, 45 Madison avenue to the Sanatorium last night in Criss Brothers' ambulance.

Police Court Light.
But two cases awaited Mayor Bigbee in police court this morning. Both defendants charged with intoxication, were fined \$5 and costs.

Left for Baltimore.
Mr. and Mrs. Charles Schaller of Elmwood avenue left last night for Baltimore, Md., where Mrs. Schaller will take a second treatment at the Johns Hopkins hospital. Mrs. Schaller's health has not been improving as rapidly as her family wished and a second treatment for her ailment was determined upon.

Sends Map to Oregon.
Because of the far-reaching influence of a classified advertisement in the Advocate not long ago, Mac Mossman is today sending one of his complete Licking county maps as far away as Portland, Ore. Certainly it pays to advertise in the Advocate.

Shows Living Models.
A showing of spring styles on living models will be made this afternoon at the store of A. Schiff in East Park place. The store has been prettily arranged for the showing of the many beautiful spring garments. The models will be Misses Katherine Kear, Lucille Cully, Mrs. Margaret Brown and Mrs. Ruth Peeples.

If Rumania is drawn into the present war its army will be commanded by the Crown Prince.

Obituary

Susan Williams.
Mrs. Susan Williams, 46, colored, 417 Wood avenue, died late last night at the City Hospital, following an operation. Funeral services have not been arranged.

The deceased was born in Kentucky, February 21, 1870 and came to Newark about eighteen years ago. She was a widow of the late Edward Williams, and for many years a member of the A. M. E. church. She is survived by four sons, Robert, Winslow, Gilbert and Charles, and one sister Mrs. Lucy Chatt, all of this city.

Mrs. Daniel Struber.
Word has been received of the death of Mrs. Daniel Struber, formerly of Columbus, at San Pedro, Isle of Pines on Sunday. Mrs. Struber was the daughter of Mr. and Mrs. E. L. McCune, formerly of Columbus. Her mother was Miss Eva Black, daughter of the late Dr. J. R. Black, of Newark.

Mrs. Struber, who was 28 years of age, is survived by her husband, her parents, who now reside in Granville, two children, a brother, Mr. E. L. McCune, Jr., of Seattle, Wash., a sister, Mrs. W. E. Rex of Columbus.

The body will be brought to Columbus for burial.

Mr. Connor's Funeral.
The funeral of Harry Connor was held this afternoon at 1:30 o'clock at the Central Church of Christ, Rev. W. D. Ward officiating. Burial at Cedar Hill cemetery.

Isaac Loos.
Isaac Loos, 85 years old, died this morning at 1 o'clock at the home of his daughter, Mrs. Alice Gardner, 321 North Eleventh street. His death was due to old age.

Mr. Loos, a retired farmer, was born in Plainfield, Coshocton county, October 6, 1830. He was married in November, 1857 to Sarah Magnus of Plainfield, who with four children survives. The children are Fielding M. and Clayton F. Loos of Coshocton, Samuel J. Loos of Plainfield and Mrs. Gardner, at whose home he died. He has been living in Newark for the past six years, coming here when his home in Coshocton county was destroyed by fire. He also leaves eight grand children and five great-grand children.

Funeral services will be held at the home, Wednesday afternoon at 2 o'clock. Rev. M. R. White of the Tenth Street U. B. church officiating. Burial at Cedar Hill cemetery.

Card of Thanks.
We wish to thank our friends and neighbors, the Rev. Wm. Brown, the quartette who rendered such beautiful songs, Mr. J. M. Jones and the pall bearers for their kindness and sympathy during the sickness and death of our beloved husband and father, Fred Evans, Mrs. Fred Evans and son, Granville, O., Mar. 27, 1916.

BOPE FORGETS SPEECH; CLERKS PRESENT CHAIR

C. D. Bope, former clerk at the Emerson clothing store, has been an active member of Local No. 178, Retail Clerks' Union, and has always been depended upon for a good talk at the regular meetings of the union, but he "fell down" last night for the first time in his life.

He found himself unable to say much when he was presented with a handsome leather chair, by his co-workers in the union, as a token of appreciation and high regard for his efficient service as corresponding and financial secretary of the union.

The presentation was made by Henry Pfeiffer in a splendid talk, in which due credit was given Mr. Bope for his past services. Mr. Bope attempted to respond but he was so deeply touched that he could say but little, though he did manage to express his thanks for the gift and for the thought it represented.

Mr. Bope has retired as secretary and has gone to Thornville where he has assumed charge of his father's farm. In his departure the union loses a valuable member and his associates lose a true friend.

At last night's meeting 100 members of the union were present. A lunch was served and the entertainment committee provided cigars for the men and boxes of candy for the women. The union has a membership of 150. It was decided that the annual banquet would be held in May, though the date was not selected.

DON'T BE BILIOUS, HEADACHY, SICK OR CONSTIPATED

ENJOY LIFE! LIVE YOUR LIVER AND BOWELS TO-NIGHT AND FEEL GREAT.

WAKE UP WITH HEAD CLEAR, STOMACH SWEET, BREATH RIGHT, COLD GONE.

Take one or two Cascarets tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand, your head will be clear, your tongue clean, breath sweet, stomach regulated and your liver and thirty feet of bowels active. Get a box at any drug store now and get straightened up by morning. Stop the headache, biliousness, bad colds and bad days. Feel fit and ready for work or play. Cascarets do not gripe, sicken or inconvenience you the next day like salts, pills or calomel. They're fine!

Mothers should give a whole Cascaret any time to cross, sick, bilious or feverish children because it will act thoroughly and cannot injure.

The Courts

In Common Pleas

In the case of William Coon vs. Wm. J. Wintermantle, et al., in common pleas court, the matter came on to be heard upon an application for the appointment of a receiver. The controversy involves a lease of the fixtures of the Kozy theater in the Tucker building on East Main street. Coon claims that Wintermantle and Tucker had no right to lease the fixtures to Criticos and Maestling. A. A. Stasel appears for Tucker, Smythe & Smythe for Coon, and Martin & Martin for Criticos and Maestling.

Ray Martin has returned from New Lexington where he has been engaged for the past week in the trial of a personal injury suit.

The case of Bessie Smith vs. Geo. Smith was argued and submitted to the court upon a motion for a new trial. Some weeks since the court granted the defendant a divorce.

Divorce Petition

John E. Burke has filed a divorce petition in common pleas court against Grace Burke. The grounds alleged in the petition are abandonment. The parties were married in October, 1884, and are the parents of two sons, both of age. The petition alleges that defendant left her home in June, 1913, and went to Pittsburgh. That she has promised on numerous occasions to return but has failed to do so.

Files an Answer.

In the case of Lulu Rose vs. Benjamin F. Rose, filed in common pleas court, the defendant for his answer admits marriage to the plaintiff on October 6, 1914, and that one child was born to them, but he denies each and every other allegation. For his cause of action the defendant says there is pending in the probate court a case in which this plaintiff, Lulu Rose, is the plaintiff in the probate court, and this defendant, Benjamin F. Rose, is the defendant in the action in the probate court that said plaintiff is seeking the same relief in the case pending in probate court as she is seeking in this court. The defendant therefore asks that the petition be dismissed.

FIRE ENDANGERS ENTIRE BLOCK IN BALTIMORE, MD.

(ASSOCIATED PRESS TELEGRAM)

Baltimore, Md., March 28.—Fire, which endangered a whole block of big business houses, broke out on the third floor of Henry Keidel & Company's wholesale hardware establishment, 405 and 407 West German street, this afternoon. Half of the fire department of the city was called out to combat the flames.

Shortly after two o'clock the fire seemed to be spreading rapidly.

At 2:45 p. m. the fire was thought to be under control and had been confined to the top floor of the Keidel building, occupied by Moritz & Hultz, importers of hardware.

In the United States census of 1870, a record was obtained of the father of a family who had named his five children Imprimis, Finis, Appendix, Addendum and Erratum.

A grenade that can be fired from an ordinary rifle held in any position four times as far as one can be thrown by hand has been invented by a United States soldier.

The wood consumed in this country in the manufacture of paper amounts annually to 4,500,000 cords, and every year the demand for some substitute grows more urgent.

UNDER INDICTMENT, ASKS UNCLE SAM TO DETAIL THE CHARGES AGAINST HER

Miss Anna F. Holch, reputed to be the most beautiful model in the country, has been indicted by the government for alleged failure to declare certain goods when she arrived in this country from Europe last year. She refuses to be worried, and, like her employer who is resting under a similar charge, asks the government to determine as to who received the goods in question, the price paid, etc. The name of the indicted employer is Herman P. Tappe, a wealthy millinery importer.

Miss Anna F. Holch and her Russian wolfhound, "Sergey."

NEWSPAPERARCHIVE

Everybody Will Be Dressing Up This Week

All over the country people are answering the call of "Dress-Up" this week. Spring is here, and the warmer weather will urge the need of new spring apparel. It's time to cast aside the sombre clothes of winter, and every happy man, woman and child will want to appear on the streets of our city, showing their new spring finery.

All the stores are showing the newest and finest importations for spring, and this week you will have the advantage of selecting from unusually attractive displays.

Your Spring Dress-Up Should Begin With A C-B a la Spirite Corset

As the styles of gowns, hats and wraps change, so changes the style of corsets.

The woman of fashion demands certain qualities in a corset. It must be comfortable — it must show off her figure to the best possible advantage — and it must tally with the prevailing styles.

The New C-B a la Spirite Corset. Fully satisfy these conditions. They are flexible enough to give, yet firm enough to hold. They are made in so many models that there is one for every figure, and the corset which fits the figure shows it off to best advantage.

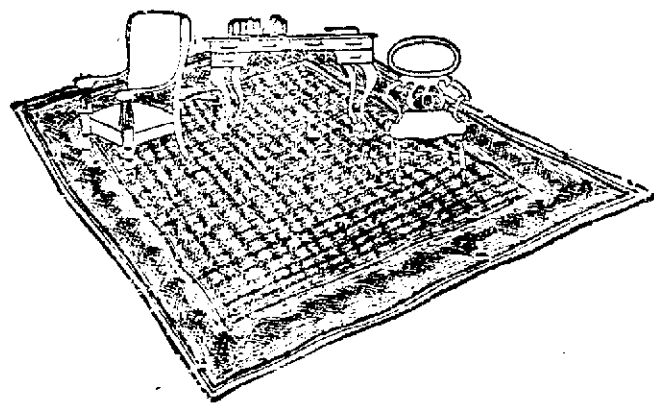

Look over the new models displayed in our window this week.

Dress-Up The Home

You want beautiful things in your home — things that will not only look well when new, but will grow more attractive with wear. Nothing so makes or mars the beauty of your home as do the floor coverings.

A French Wilton Rug Will Give Lasting Pleasure

These beautiful rugs are woven of the finest worsteds, and have a texture so soft and luxurious, a depth of tone and lustre so rich as to rival the choicest Orientals. The quality of genuineness embodied in these fabrics, becomes all the more evident, after many years of service.

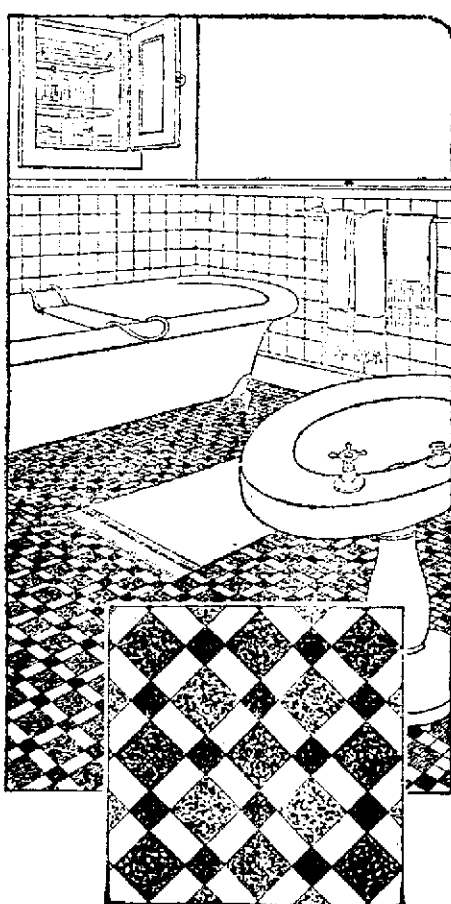

Beautiful Floors Can Be Made From Armstrong's Linoleum

On account of its durability, Armstrong's Linoleum is especially suited to any much used room. Easy to clean — always bright and attractive. It will stand the strain of constant service, because it's made of tested materials. The new patterns are distinctly "different" — suitable for any room in the house.

The new Spring Patterns are on display in our window and also in the carpet department.

Goodbye Corns! BACK TO WORK Cure Guaranteed WENT C. H. MYERS

Hall's Painless Corn Cure a Marvel.

At last, a corn cure that gets rid of corns! A remedy that is guaranteed to work in every case. It brings the corn right out, you don't have to dig it out. The only corn and bunion cure of its kind in the world is Hall's Painless Corn Cure. The first application stops the pain. Hall's Painless Corn Cure is not a mere corn plaster or a salve that makes your corns swell or that "draws" and puts wrinkles in your feet from the awful pain. Hall's Painless Corn Cure is made and sold in this city by Frank D. Hall. It will cost you 25 cents, and will last longer than several purchases of another corn treatment. If you are not satisfied you can get your money right back on request.

Nerv-Worth Wonderfully Built Up Well Known Toboso Man

It is worth a great deal to local sufferers from nervous ills to have knowledge of a cure for them through local or neighborhood folks who have tested this wonderful tonic and found it not wanting. Many sellers of medicines depend altogether upon statements from far-away people whom no local person knows. Here is a statement from H. H. Myers of Toboso: "My brother, C. H. Myers, is 24 years old and has been overworked and had nervous prostration and all the ills that go with such a condition — such as sleeping sickness, lack of ambition, a lagging appetite, and a generally run-down state. After taking Nerv-Worth for several weeks he has recovered sufficiently to go to work and we feel that Nerv-Worth has done wonders for him." Dollar back at T. J. Evans. Warden block drug store if Nerv-Worth fails to help you. 3-27-20

CHRONIC CASE OF STOMACH TROUBLE BENEFITED

MRS. WILLEY GIVES TANLAC MASTER MEDICINE CREDIT FOR EXCELLENT RESULTS.

"It Has Done Me More Good Than All Medicines I've Taken Past Six Years."

Mrs. L. Willey, who resides in Essex avenue, is well pleased with Tanlac for in a chronic case of chronic catarrh of the stomach. In speaking of the matter she said: "I had chronic stomach trouble, was unable to eat very much, or many things and could not drink cold water. Tanlac was highly recommended to me and the recommendation was in no sense exaggerated as it greatly helped me. It improved my appetite and my sleep, which had been poor, is much improved and I feel better in every respect. I say emphatically Tanlac has greatly benefited me—in fact has done much more for me than all the medicines I have taken in six years."

Tanlac is equally good in the treatment of liver and kidney trouble, catarrh and rheumatism and is a great spring tonic and system purifier, especially recommended for badly run down people. Tanlac is demonstrated at Hall's Drug Store and is for sale at Pataskala by J. R. Stine, at Utica by P. H. Richardson, at Johnstown by C. S. Howard, at Croton by J. W. Harris, at Hebron by The Hebron Drug Company, and at Granville by W. P. Uthman. Adv.

FOREST FIRES IN 1915 BURNED OVER NATIONAL FORESTS

Washington, March 28.—Forest fires burned over not quite 300,000 acres of National Forest land in 1915, according to official reports just compiled, or less than two acres per thousand. Out of a total of 6,234 fires, 246, or 3.95 per cent, did damage to the amount of \$100 or more.

The timber loss was 156,000,000 board feet, valued at \$190,000. Although the season was regarded as one of unusual exposure, owing to delayed fall rains, the loss was materially below the average of the last five years. Over 87 per cent of this loss occurred in the States of Oregon, Washington, and Idaho, while more than 72 per cent was in Oregon alone. Besides the timber loss, fires destroyed reproduction, or young tree growth, of an estimated value of \$160,000, and \$2,407 worth of forage. The loss per fire in 1915 was \$60.11, which is \$14.03 less than the five-year average, while the cost of fighting each fire was \$29.83 less.

Lightning fires, as the chief cause of forest fires in 1915, it does in the average year. Twenty-eight and a half per cent of the fires were due to this cause. Campers caused 18 per cent, which is 2.1-2 per cent higher than the average. Eleven per cent were caused by brush burning. Nearly 11 per cent were of incendiary origin. Railroads were responsible for nearly 9 per cent of the fires in 1915, as against 14.1-2 per cent due to this cause in the average year. The causes of over 15 per cent were unknown. Lumbering operations caused less than three per cent.

WOMEN LISTEN TO REASON

You who suffer, why do you hesitate to try what has removed the sufferings of others? That good old fashioned remedy, made from roots and herbs—Lydia E. Pinkham's Vegetable Compound—has stood the test. It has no rival in overcoming the ailments peculiar to your sex. Why should it not do for you what it has done for others? Give it a chance.

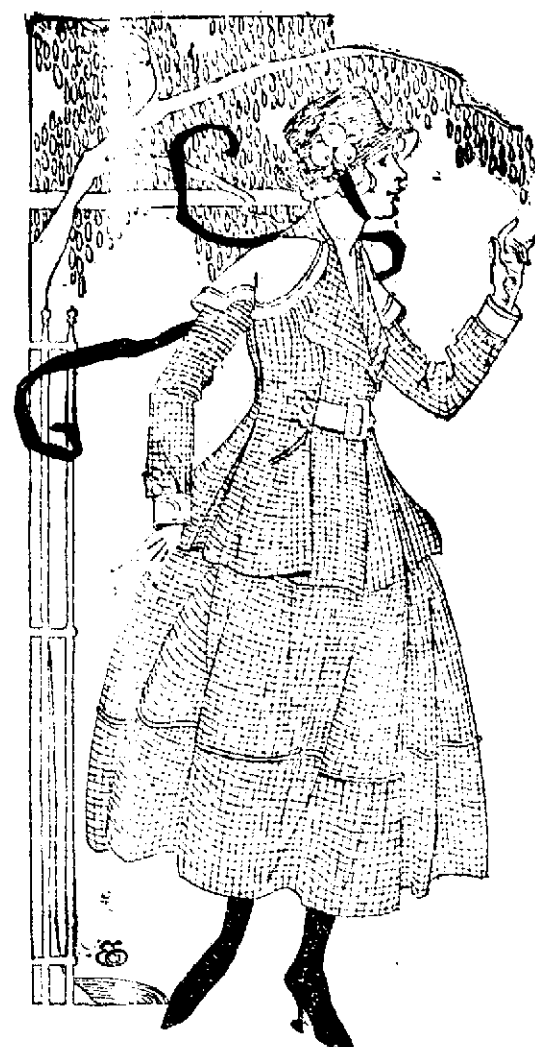

MANNING STREET

(Continued from Page 1.) from the east rushed out of the broken main with a roar. It was lighted about ten o'clock last night and illuminated the heavens in that end of the city, causing many people to believe that a big fire was raging at the bottle plant.

The heavy rains have caused many of the streams over the county to overflow but no bridges have been swept away. An approach to the Brooks bridge in McKean township has been swept away, but there is no danger of the bridge going out, according to telephone advice received by the commissioners today. The commissioners are keeping a close watch on the high waters over the county and are in touch with the township officials ready to answer any call and issue emergency orders.

The North and South forks of the Licking raised rapidly yesterday, but were reported as falling this afternoon. The river did not overflow except in several low places in the North End. Just off Case avenue the levee kept that portion of the city from becoming inundated. Raecoon creek and Log Pond Run kept within boundaries, and did not overflow, although it looked for a time as if the high water mark would be reached. With the colder weather and a ceasing of the down pouring rain it is believed that all danger is passed.

Forty-six thousand citizens of Chicago paid income tax last year.

WANTED: SALES-PEOPLE

OLD DOBBIN DOOMED: TRACTOR TAKING HIS PLACE

G. B. LOUDERBACK, TRACTOR EXPERT. TRACTOR, IN TEST, PULLING THREE 14 IN. PLOWS IN GROUND FROZEN 3/4 FT DEEP.

Old Dobbin is doomed. The charges against him are that he has to eat and sleep, and, after working all day, stands in his stall instead of pumping the water or running the cream separator.

The thing that is putting Old Dobbin out of business is the farm tractor. Twenty thousand tractors were used on American farms last year. Washington agricultural officials predict that soon practically all farm work will be done by the busy little machine that never grows tired. The farm tractor does the work of the horse—many horses—and does it better at about half the cost. It day. Counting up-keep, depreciation, plants, plows, haws or does road grading. It runs the saw mill, cuts ensilage and fills the silo. It pulls the binder, works the hay baler, pulls stumps, crushes stones and, after a hard day's work in the field, pumps the water, or separates the cream, or churns the butter.

The Department of Agriculture has been making tests of tractors.

Here are some interesting things it has found out: Four head of horses, at an actual cost of fifty cents an hour, will turn, with the ordinary gang plow, four acres a day. With an eight-foot disk harrow, fifteen acres can be covered. With the same four-horse team, thirty acres can be harrowed and, with an eight-foot binder, fifteen acres can be harvested in ten hours.

Tractor vs. Horse.

On the other hand, it has been demonstrated that a good light tractor (the Buckeye Junior, Anderson, Indiana), costs, for gasoline and lubricating oil, an average of \$1.65 a day. Counting up-keep, depreciation, etc., this tractor costs \$3.75 a day, and in that day, at a two-mile speed, plows five and six-tenths acres with a fourteen-inch "two-bottom gang," and, with three bottoms, eight and five-tenths acres. With two-disk harrows and a drag in tandem, this tractor will cover nineteen and three-tenths acres in ten hours. In a day, he glad to show him just how he can do it.

with three sections of peg, or in pulling an eight-foot binder twenty acres of wheat can be cut down.

The tractor, department officials say, does not mean an increased investment for the farmer. It is merely a question of selling a few horses to make the substitution. It does more horse-work on a barrel of distillate, or gasoline, than six to ten horses will do on an equal expenditure for hay or oats.

"It has been shown that the American farmer uses more power than is used in all branches of manufacturing in the country," said G. B. Loudereback, of Anderson, tractor expert, who has been conferring with war department officials on a tractor for military use. "The necessity for coming an absolute necessity for farmers. The light tractor is the solution of the farm power question. If any farmer doubts that he can do more work and get greater results and bigger profits, at a less cost, with an effective light tractor, I will do it."
